Pledge of Allegiance

Mr. Steven Winters led the Pledge of Allegiance to the Flag of the United States of America.

2. CITIZEN PUBLIC INPUT

Mr. Steven Winters reported on a Harvard University study on water fluoridation and pregnant women that found when the mother's fluoride level was increased during pregnancy, the child's IQ dropped. Eight years ago, Harvard classified fluoride with arsenic and lead as a development neurotoxin, and studies have shown brain injuries due to fluoride. He was not opposed to using fluoride on his teeth, but he would not want to swallow it.

Mr. Lawrence Horman stated what happens in one section of the homeless community is happening within each segment, whether that is the need for housing, a safe place to go, care, pet companionship, etc. All of these issues need to be connected to each other to make it easier for an individual to go from being homeless to be housed and being more stable once they get into housing.

3. REPORT OF ELECTED OFFICIALS:

3.1. Council Members

Council Member Snelgrove recognized the passing of Senator Orrin Hatch, who contributed a lot to what constitutes Utah today. Senator Hatch impacted his life
