CONVENTION
& TOURISM
ASSESSMENT AREA

I. Overview

Developed by Salt Lake County lodging establishments in partnership with Visit Salt Lake, the Salt Lake County Convention and Tourism Assessment Area (“SLCo CTAA”) is an assessment area proposed to provide specific benefits to payors, by funding districtwide development & programming, and community and sales development with regional incentives programs for assessed lodging establishments.

Location: The proposed SLCo CTAA includes all lodging establishments with more than thirty-five (35) rooms, existing and in the future, in the following municipalities in the West Region and South Valley Region, (West Valley City, Township of Kearns, Sandy, and Draper), as well as all lodging establishments within zip codes 84103, 84101 and 84111 within the City of Salt Lake, as shown on the map in Section III.

Services: The SLCo CTAA is designed to provide specific benefits directly to payors by increasing awareness and demand for room night sales. Districtwide development & programming, and community and sales development with regional incentives programs will increase demand for overnight tourism and market payors as visitor, meeting, and event destinations, thereby increasing demand for room night sales.

Budget: The total SLCo CTAA annual budget for the first year of its five (5) year operation is anticipated to be \$6,800,000. This budget is expected to fluctuate as hotel room occupancy and average daily rates fluctuate over the SLCo CTAA’s term.

Cost: The annual assessment rate is two percent (2%) of gross short-term guest room rental revenue on stays of twenty-nine (29) days or less at lodging establishments within the SLCo CTAA. Based on the benefits received, assessments will not be collected on stays of thirty (30) or more consecutive days, or on stays for use for an essential government function; and paid directly by a federal government agency or a foreign diplomat with U.S. issued tax exemption. Utah State and Utah local government representatives must pay the assessment at the time of purchase and request a refund from Salt Lake County or the Third-Party Administrator. State and local government entities of other states are not exempt from the assessment.

Collection: The County of Salt Lake will be responsible for collecting the assessment on a monthly basis (including any delinquencies, penalties and interest) from each lodging establishment business assessed within the SLCo CTAA. Salt Lake County shall take all reasonable efforts to collect the assessments from each lodging establishment. The County shall forward the assessments collected to the third-party administrator.

Duration: The SLCo CTAA will have a five (5) year life, beginning August 1, 2023, or as soon as possible thereafter and end five (5) years from its start date. Once per year beginning on the anniversary of SLCo CTAA formation there is a 30-day period in which lodging establishment owners paying more than sixty percent (60%) of the assessment may protest and initiate a County Commission hearing on the termination of the SLCo CTAA.

Management: The SLCo CTAA shall be managed by a non-profit organization, primarily engaged in the

marketing and promotion of Salt Lake County, which shall enter into a contract with Salt Lake County to provide the beneficial activities in accordance with this Management Plan. The third-party administrator shall establish a SLCo CTAA Committee (“Committee”).

II. Background

CTTAs are an evolution of the traditional Business Improvement District. The first CTTA was formed in West Hollywood, California in 1989. Since then, nearly 200 destinations throughout the United States have followed suit. In recent years, other states have begun adopting this model – Montana, South Dakota, Washington, Colorado, Texas, Massachusetts, Virginia, Louisiana, and Utah have adopted CTTA laws. Several other states are in the process of adopting their own legislation. The cities of Wichita, Kansas, Newark, New Jersey, and Newport, Rhode Island used an existing business improvement district law to form a CTTA. And, some cities, like Portland, Oregon, Memphis, Tennessee, and Tampa, Florida have utilized their home rule powers to create CTTAs without a state law.

Nationwide, CTTAs collectively raise over \$440 million for local destination marketing. With competitors raising their budgets, and increasing competition for visitor dollars, it is important that Salt Lake County lodging establishments invest in stable, lodging-specific marketing programs.

CTTAs utilize the efficiencies of private sector operation in the market-based promotion of tourism districts. CTTAs allow lodging establishment owners to organize their efforts to increase room night sales. Lodging establishment owners within the CTTA pay an assessment and those funds are used to provide services that increase room night sales.

In Utah, CTTAs are formed pursuant to the Convention and Tourism Assessment Area Act, Utah Code Title 11, Chapter 42b. This law allows for the creation of a benefit district to raise funds within a specific geographic area. *The key difference between CTTAs and other benefit districts is the funds raised will be managed by a non-profit organization, primarily engaged in the marketing and promotion of Salt Lake County, which will enter into a contract with Salt Lake County to provide the beneficial activities in accordance with this Management Plan.*

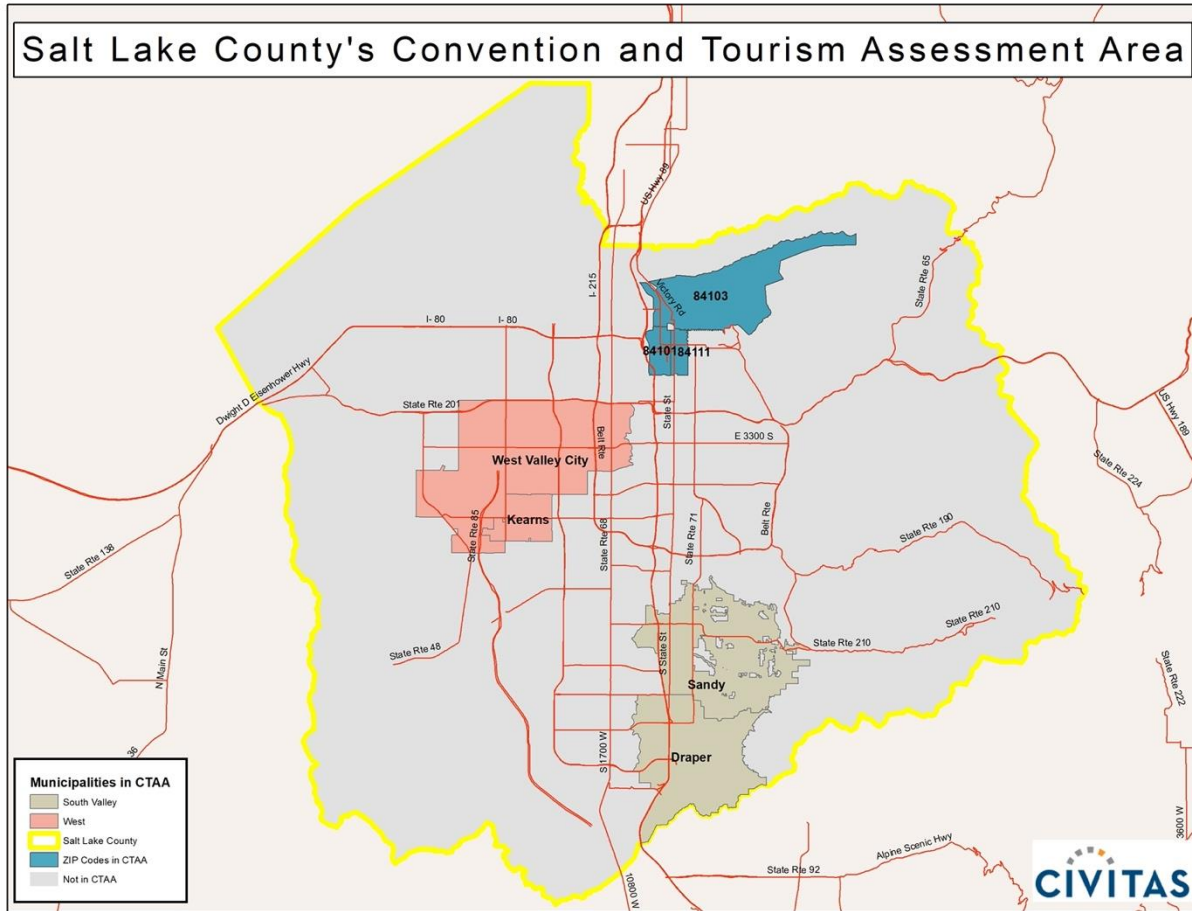

There are many benefits to CTTAs:

- Funds must be spent on services and improvements that provide a specific benefit to those who pay;
- Funds cannot be diverted to general government programs;
- They are customized to fit the needs of payors in each destination;
- They allow for a wide range of services;
- They are **designed, created and governed by those who will pay** the business improvement assessment; and
- They provide a stable, long-term funding source for tourism promotion.

III. Boundary

The proposed SLCo CTAA includes all lodging establishments with more than thirty-five (35) rooms, existing and in the future, in the following municipalities in the West Region and South Valley Region, (West Valley City, Township of Kearns, Sandy, and Draper), as well as all lodging establishments within zip codes 84103, 84101 and 84111 within the City of Salt Lake, as shown on the map below.

The term “lodging establishment” as used herein means the same as the term is defined in section 29-2-102 with more than thirty-five (35) rooms.

IV. Services

Annual Service Plan

Assessment funds will be spent to provide specific benefits to the payors. The services provided with the SLCo CTAA funds include districtwide development & programming, and community and sales development with regional incentives programs for assessed lodging establishments.

A service plan assessment budget has been developed to deliver services that benefit the assessed lodging establishments. A detailed annual assessment budget will be developed by lodging establishments in Salt Lake County. The total assessment budget for the first year of its five (5) year operation is anticipated to be \$6,800,000. The total assessment budget for the first year shall allocate fifty percent (50%) to districtwide development & programming, thirty percent (30%) to community & sales development – regional incentives, ten percent (10%) to contingency, reserves & major event impact fund, and ten percent (10%) for administration.

Although actual revenues will fluctuate due to market conditions and assessment rate changes, the proportional allocations of the budget shall remain the same. However, the SLCo TTA Committee shall have the authority to adjust budget allocations between the categories by no more than fifteen percent (15%) of the total budget per year. A description of the proposed improvements and activities for the initial year of operation is below. The same activities are proposed for subsequent years. In the event of a legal challenge against the SLCo CTAA, any and all assessment funds may be used for the costs of defending the SLCo CTAA.

Each assessment budget category includes all costs related to providing that service. For example, the districtwide development & programming budget includes the cost of staff time dedicated to overseeing and implementing districtwide development & programming. Staff time dedicated purely to administrative tasks is allocated to the administrative portion of the budget.

The costs of an individual staff member may be allocated to multiple budget categories. The staffing levels necessary to provide the services below will be determined by the third-party administrator and the SLCo CTAA Committee on an as-needed basis.

Assessment Budget Category	Budget Percentage	Budget Amount
Districtwide Development & Programing	50%	\$3,400,000
Community and Sales Development – Regional Incentives	30%	\$2,040,000
Administration	10%	\$680,000
Contingency/Reserves & Major Impact Fund	10%	\$680,000
Total SLCo CTAA Budget	100%	\$6,800,000

Districtwide Development & Programming

Fifty percent (50%) of the assessment budget, shall be used for districtwide development & programming that shall promote assessed lodging establishments as tourist, meeting, and event destinations with the central theme of promoting the district as a desirable place for overnight visits. The program shall have the goal of increasing demand for overnight visitation, room night sales, and an increase of average daily rate and revenue per available room at assessed lodging establishments.

Increased demand shall be generated through enhanced programming in existing markets and developing new opportunity markets for leisure and business traveler segments with brand-led creative advertising and tactical content development and promotion highlighting the key strengths of specific regions.

Programming may include, but is not limited to:

- New visitor profile research program development; Domestic and international marketing campaigns;
- Marketing communication channel expansion;
- Global travel trade and media reach growth;
- Tourism experience development and promotion to widen visitor distribution, increase spend, and length of stay;
- Districtwide event booking incentives and sale co-op programming;
- Inclusive, Diversity, Equity, Accessibility programs;
- Workforce, Education, and Visitor Economy Champion & Volunteer programs; and
- Environment, sustainability, & community health programs.

Community & Sales Development - Regional Incentives

Thirty percent (30%) of the budget, shall be dedicated to individual regions for region-specific visitor economy improvement activities. The community & sales development – regional incentives funds will be used to benefit each region through enhanced community incentive and sales programming to stimulate demand for leisure, sports, and business traveler segments. The Third-Party Administrator’s SLCo CTAA Committee shall identify the entity or entities within each region that shall receive thirty percent (30%) of the amount collected within the region to fund eligible programs and activities. The programs are an exclusive privilege and shall provide a direct benefit to assessed lodging establishments in the region.

The community & sales development - regional incentives funding is designed to support region-based activities that can demonstrate plans to achieve economic impact, through the promotion, support and enhanced demand for overnight visitation, room night sales, and an increase of average daily rate and revenue per available room at assessed lodging establishments. Funding shall be leveraged for new and existing events that demonstrate economic impact growth or demonstrate innovation in delivery and/or content.

Programming may include, but is not limited to:

- Guest experience programming; including placemaking activities and investments, clean and safe activities, and tourism infrastructure and facility enhancement;
- Sports, meeting, & convention growth through booking incentives and sales co-op programming; and
- Brand-led creative advertising and tactical content development.

Contingency, Reserves & Major Event Impact Fund

The budget for contingency, reserves, and a major event impact fund shall be ten percent (10%) of the assessment budget. The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration, or renewal costs at the discretion of the Third-Party Administrator’s SLCo CTAA Committee.

Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Third-Party Administrator's SLCo CTAA Committee. The reserve fund may be used for the costs of renewing the Tourism Assessment Area.

The major event impact fund is for individual or ongoing major events for Salt Lake County. Major events shall have the capacity to attract large scale visitation from core markets, are of national or international significance, deliver national and/or international profile to Salt Lake County due to the scale of the event, are for professional and elite sports, and may not be used for amateur or junior events. Event support can also be considered for events that rebuild tourism in regions of the SLCo CTAA impacted by natural disaster or designated by a state of emergency.

Administration & Operations

The administration and operations budget shall be ten percent (10%) of the assessment budget and be utilized for administrative staffing costs, office costs, and other general administrative costs such as insurance, legal, and accounting fees. Salt Lake County shall be paid a fee equal to one percent (1%) of the amount of assessment collected, or the actual cost, to cover their costs of collection and administration.

V. Assessment

1. Assessment Rate

The annual assessment rate is two percent (2%) of gross short-term guest room rental revenue on stays of twenty-nine (29) days or less and shall be collected from the lodging establishment businesses within the SLCo CTAA. Based on the benefits received, assessments will not be collected on stays of thirty (30) or more consecutive days, or on stays for use for an essential government function; and paid directly by a federal government agency or a foreign diplomat with a U.S. issued tax exemption. Utah State and Utah local government entities must pay the assessment at the time of purchase and request a refund from the County of Salt Lake or the Third-Party Administrator. State and local government entities of other states are not exempt from the assessment.

The term “gross guest room rental revenue” as used herein means the consideration charged, whether or not received, for the occupancy of space in an assessed lodging establishment. Gross guest room rental revenue shall not include any federal, state, or local taxes collected, including but not limited to transient room taxes and sales and use taxes. The assessment shall not be considered a part of lodging establishments revenue for any purposes, including but not limited to collection of transient room taxes and sales and use taxes.

Assessed lodging establishments have the right to impose a surcharge equal to the assessment on their guests. The amount of assessment, if passed on to each transient, shall be disclosed in advance and separately stated from the amount of rent charged, and each transient shall receive a receipt for payment from the lodging establishment. The assessment shall be disclosed as the “SLCo Tourism Assessment.” The assessment is imposed solely upon, and is the sole obligation of, the assessed lodging establishment, even if it is passed on to transients. The assessment shall not be considered revenue for any purposes, including calculation of transient room taxes.

2. Annual Budget

The total sum collected for the five (5) year term is expected to be \$36,102,124 through 2027. The \$36,102,124 estimate includes a three percent (3%) increase to the budget per year due to effectiveness of SLCo CTAA programs. The actual revenue will vary based on the market conditions and effectiveness of the programs. This budget is expected to fluctuate as hotel room occupancy and average daily rates fluctuate over the SLCo CTAA’s term.
