Qualifications

Please tell us about yourself.

I recently retired professionally. I spent the first half of my professional life working in education and the second half as a conflict resolution professional and trainer. Civic engagement and volunteer work have been a consistent commitment of mine in a variety of capacities for more than 20 years. Most recently, I am serving on the Taylorsville Planning Commission, Community Advisory Board for the Taylorsville Police Department and am completing my second term on the Salt Lake County Parks and Recreation Advisory Board. I am an outdoor enthusiast, patron of the arts and animal welfare advocate. I have lived in Taylorsville with my husband, Mark, for 29 years and was a candidate for the Utah State House of Representatives.

Why are you interested in serving on a board or commission?

Whether municipal, county or state, I believe boards and commissions allow the greatest opportunity for a citizen to connect the people and organizations in their community to the services and resources within their community. It is the outlet for community collaboration, accountability and transparency from the user level. It is a privilege to work with civically minded individuals, elected officials and staff to improve the quality of life for people in our state.

Lynette Wendel

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

As a conflict resolution professional and organizational culture advisor, I have firsthand expertise in the power of diversity and collaboration in problem solving environments. I have served in more than a dozen volunteer roles over more than 20 years and 25,000 volunteer hours in groups that both complement each other and others that are highly unique. My campaign for the Utah House of Representatives was based on my work connecting individuals and organizations within my district to better serve all in my district. As for the ZAP 1 or 2 Board, my six years as a SLCo Parks and Recreation Advisory Board member have given me tremendous insight into the responsibilities and opportunities related to county operations and ZAP Funding. I am a Utah Symphony subscriber and consistent patron of the arts and culture facilities in our county.

What unique perspectives could you bring to the board?

I have a unique and intimate knowledge of my district, Salt Lake County District 3. Understanding our people, the facilities and resources along with the challenges and barriers that often exist in a part of the county that has sometimes been overlooked allows me to keep attention and collaboration focused on improving the quality of life for people. I am well versed in municipal, county and state government and have an extensive background in budgeting demands for small, medium and large organizations.
