Qualifications

Please tell us about yourself.

I am originally from Lima Peru and have lived in Utah for the last 30 years. I am a native Spanish speaker and enjoy serving my community in translating and interpreting services. My educational background is in the Biological Sciences with emphasis on Chemistry. Even though my expertise is in those areas, I consider myself a student and observer of all fields including zoning and planning, which affects all communities and more specifically a growing community, such as Salt Lake County.

Why are you interested in serving on a board or commission?

I have served for eight years in the Salt Lake City Planning Commission and so my expertise is based on building applications, planning developments, administrative and legislative matters that encompass zoning and planning. I found my volunteering in the Commission to be stimulating and quite rewarding and so would look forward to serving once again in a similar capacity county-wide

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

I have volunteered and been recognized for my service of eight years in the Salt Lake City Planning Commission. My service ended in July 2023.

What unique perspectives could you bring to the board?

I represent a growing section of our community in Salt Lake County however I consider myself an advocate of all communities in Salt Lake County.
