Description and Justification:

Purchase ATV for snow removal: The County currently has a contract for snow removal that we will be utilizing. This contract requires the vendor to respond when there have been 2 inches or more of snow. The District Attorney's downtown building has a large amount of public sidewalk that we are responsible for along 500 South, Main Street and behind the DA parking structure. This sidewalk provides public access to the DA building, the courthouse and the Trax station. The top level of the parking structure is open to the elements as well. It is necessary for us to have the capability to clear these areas of snow for the safety of the public and our employees, in the event there is not enough snow for the vendor to respond or if their response time is delayed. We currently have one employee to conduct the building maintenance items such as this and require an efficient way to accomplish the snow removal. We are in the process of comparing pricing from State contracted vendors for an all-terrain vehicle (ATV) with a snow plow blade and need to make this purchase as soon as possible. This will be a capital purchase as it will be an estimated \$9,000 purchase. We currently have the funds available in the operating appropriation of the DA budget and are requesting to move \$9,000 to a capital account number for this purchase.
