

Proposed Updates to Ordinance Chapter 2.49 – Street Addressing and Property Identification

This draft is intended to address the following concerns:

- Clarify the role and scope of the Addressing agency. Specifically, distinguish between municipal/contract versus regional duties.
- Broaden assignment of the person authorized to grant street name changes from the “Public Works Director” to “mayor designee”
- Update Penalties section (per the countywide “penalties” review)
- Generally, make the ordinance more readable and user-friendly by reordering a couple of sections

Summary of Changes:

2.49.010

1. Changed Heading from “Purpose” to “Purpose and Applicability”
2. Changed wording from “unincorporated areas of the county” to “Salt Lake County” because Addressing plays a role in both
3. Second paragraph was moved from 2.49.160, which outlines the applicability of this ordinance (it was moved up because it seemed to get lost when it was placed at the end of this ordinance)
4. Removed Historical reference of Ord. No.

2.49.020
