Free The Game 501c3

Free The Game is the philanthropic mission of Calle. 10% of all Calle sales is invested into developing open-to-the-public futbito courts (think futsal on concrete). These courts will allow more people the ability to enjoy the world's most popular game free of cost. Through partnerships with local non-profits (soccer clubs, leagues, foundations, etc.) Calle will create a more direct pipeline between the most talented players, wherever they are, and the best opportunity for them.
