Presenter: Hoa Nguyen, Council Budget and Policy Analyst (Less than 5 mins)
Discussion/Direction

Mr. David Delquadro, Chief Financial Manager, Council Office, reviewed the budget adjustment.

Council Member Stewart asked what the procurement policy is during a state of emergency. Specifically, he wanted to know what steps the County takes to avoid the appearance of favoritism.

Mr. Delquadro stated there is additional flexibility provided to the Mayor when procuring emergency services. Some of the funds can later be recovered through the Federal Emergency Management Agency (FEMA). Complete and accurate records are always maintained.

Mr. Darrin Casper stated Jason Yocom, Director, Contracts and Procurement, is placed on the incident command structure and is involved in all decision making. If a dollar amount requires a 90-day Request for Proposal (RFP), that is waived. Those who procure services will always try to make the process competitive by looking at existing contracts.

A motion was made by Council Member Stewart, seconded by Council Member Stringham, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

- 3.5 Budget Adjustment: Parks and Rec requests to unrestrict \$150,000 in committed fund balance to repair and refresh locker rooms and replace blinds in high need areas at the South Jordan Rec Center.** [23-0499](#)

3.9 Consideration by the Council to Provide Additional Resources Not to Exceed \$10,000 for the County Auditor to Provide Additional Notice About Property Tax Relief and Deferment Programs in the Annual Notice of Valuation Mailing [23-0485](#)

Attachments: [Staff Report](#)

Sponsor: Councilmembers Harrison and Stringham (Approx. 5 mins)

Discussion/Direction

Council Member Harrison stated this budget adjustment would allow funding for the creation of a flier to be inserted into the Auditor's upcoming 2023 Notice of Valuation mailing. The flier would be brightly colored and about the size of a postcard. It would notify taxpayers of the tax relief programs and other assistance programs available to them, and direct them to a centrally located website with more information. She referenced an email she sent to the members of the Council the day prior with legislative intent to work collaboratively between departments to produce the mailer and website.

A motion was made by Council Member Harrison, seconded by Council Member Stringham, to approve and adopt this item along with the amendment and legislative intent as emailed yesterday.

Mr. Richard Jaussi, Chief Deputy, Auditor's Office, stated his office has received heartbreaking letters from people who were eligible for tax relief, but who did not know in time. By the time the Treasurer's Tax Notice goes out, it is too late to apply. This mailing would be a great opportunity to educate taxpayers on the programs available.

Mr. Wayne Cushing, Treasurer, stated approximately 2,000 households took advantage of tax relief last year. He believes there is probably another 25% that would qualify if they knew how to apply.

Mr. Mitchell Park, Legal Counsel, Council Office, advised that the legislative intent be read into the record.

Council Member Harrison read the legislative intent into the record:

The County Council will allocate resources not to exceed \$10,000 for an additional insert to be included in the County Auditor's 2023 Notice of Valuation mailing to provide additional information about property tax relief and deferment programs offered by Salt Lake County.

It is the legislative intent of the Council that the language for the mailed insert should be developed by Councilmember Harrison and Stringham's Senior Policy Advisors. Additionally, the County Council -- with the sponsoring offices taking the lead - will collaborate with the offices of the Mayor, Auditor and Treasurer, along with the County's communication teams - to better provide information and a centralized landing page on the County website about tax relief, tax deferral programs, and other assistance programs available to County residents.

Among other relevant content, the insert and landing page will include Salt Lake County logo, and will also provide information about relief programs that may be available to qualified renters, as well as other assistance programs available to Salt Lake County taxpayers.

A motion was made by Council Member Harrison, seconded by Council Member Stringham, that this agenda item, along with the related legislative intent, be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

**3.10 Consideration of Recommended Funding Awards by the [23-0488](#)
Housing Trust Fund Advisory Board for \$19,553,000 in
ARPA Funds Appropriated for Affordable Housing**

Attachments: [Staff Report](#)
[Housing Trust Fund CWS Presentation_2023 May 2](#)

Presenter: Dina Blaes, Director, Office of Regional Development. Josh Narvaez, Housing Trust Fund Program Manager (Approx. 15 mins)
Discussion/Direction

Ms. Dina Blaes, Director, Office of Regional Development, delivered a PowerPoint presentation entitled: Coronavirus State and Local Fiscal Recovery Fund for Affordable Housing Request for Application (RFA).

She reviewed the Salt Lake County Housing Trust Fund; program interest; American Rescue Plan Act (ARPA) requirements for affordable housing; the Housing Trust Fund selection committee process; applications summary; Citizens West 3; Citizens West 4; The Howick; 515 Tower phase I; Citizens West 2; New City Plaza Apartments; First Step House Recovery Housing Project; The Morrissey; Platform 1500; 9Ten West; Liberty Corner 4%; Liberty Corner 9%; Alliance House; Project Open 3; and funding recommendations summary.

Council Member Winder Newton stated she was prepared to vote in opposition to the request for additional funds because she wanted to use the remaining ARPA dollars to fund a jail pod. However, the day prior, former State Senator Wayne Niederhauser shared with her how some families had to be moved out of the overflow shelter because it was closing now that winter was over. There are a lot of single mothers with children who have no other place to go. Due to recent conversations she and other Council Members have had with homeless constituents, she is now prepared to approve the additional funding due to the exigent need. She likes the model because it allows residents to pay based on their circumstance and is not a direct government handout.

Council Member Stringham asked what the total number of units would be if the Council chose to approve the additional funding.

Mr. Josh Narvaez, Housing Trust Fund Manager, Office of Regional Development, stated it would be just over 1,500 units. The original Request for Application (RFA) was for 1,200 units.

Council Member Theodore stated she understands there is a need for housing, and she is considering voting in favor of item 3.10 even though it would be expensive. However, she has difficulty with the request for additional funding requested in item 3.11.

Mayor Jennifer Wilson stated the swift movement of the committee is evidence of the great need. When there are community partners who are willing to fill needs and help meet County goals, the County should enable them to do so. It breaks her heart that the overflow shelter had to close yesterday.

County Member Theodore asked if it was possible some of the applicants might not ultimately accept the grants.

Ms. Blaes stated it was possible two might not because their original intent for the funds was not in line with eligible ARPA use criteria. The advisory board has made a counteroffer, which may not be accepted. The dollar amounts in question are for \$1.4 million and \$960,000.

Council Member Winder Newton stated a motion to approve the additional \$5.5 million could stipulate that any unaccepted grant funds shall be returned to the ARPA Fund.

A motion was made by Council Member Bradshaw, seconded by Council Member Bradley, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a 7 to 1 vote with Council Member Stewart voting "Nay."

3.11 Consideration of a Request to Appropriate an Additional \$5,581,864 in ARPA Funding to Fund All 17 Affordable Housing Applications in Full [23-0505](#)

Discussion/Direction

This item was presented and discussed concurrently with item 3.10.

A motion was made by Council Member Bradshaw, seconded by Council Member Harrison, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification, with the request that any under expend from any of the projects, or from applications not being accepted, be returned to the ARPA Fund. The motion carried by a 6-2 vote, with Council Members Stewart and Theodore voting "Nay."

Ms. Karen Stone, Housing Trust Fund Advisory Board, thanked the Council members who voted in favor of the funding for their support. She stated she has heard a lot of stories that could bring people to tears.

4. CONSENT ITEMS:

A motion was made by Council Member Bradshaw, seconded by Council Member Harrison, that the consent agenda be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.
