Salt Lake County Council District #: 5

Please provide the County District related to your residential address. To determine which district you live in, go to <http://slco.org/council/district-map>, click "Interactive Map", and enter your address in the Search bar.

Qualifications: *Answering these questions is required. Please note some board coordinators may also request a resume as part of the review process.*

Why do you want to serve on this board?

To serve my community, including abused or neglected children. To give back after the CJC assisted my own child. To show my appreciation for the important work done by the CJC and its employees/volunteers.

What education, work experience, or volunteer experience do you have that applies to this board?

Sixteen years of experience in child welfare (GAL, Parent Attorney, Agency Attorney, and ALJ);
Over six years adjudicating abuse/neglect/dependency cases;
Significant knowledge of child welfare law;
Training in child welfare issues, including sexual abuse;
Experience reviewing CJC interviews to decide whether abuse or neglect occurred.

What unique perspectives could you bring to the board?

Perspective of an adjudicator in child welfare matters, of a parent of a child served by the CJC, and of someone who has observed hundreds of children's interviews in a professional capacity.

Qualifications

Answering these questions is required. Please note some board coordinators may also request a resume as part of the review process.

Why do you want to serve on this board?

As a pediatric emergency medicine physician and Utah State Senator, I believe I can strongly support the mission of the CJC. I have worked on policy in this space and also have an understanding of the critical, important work you do.

I was nominated this year by Senate President Adams and Minority Leader Escamilla to serve as a national Child Welfare fellow with NCSL, and was selected as 1 of 25 lawmakers across the nation. I Would like to work alongside other community members to support the CJC and its mission as well as to Offer subject matter expertise if it may be helpful to the board. I firmly stand with the goal describing the CJC, "The Children's Justice Center is a safe place to experience support, protection, and healing."

What education, work experience, or volunteer experience do you have that applies to this board?

I am trained and certified as a pediatrician and an emergency medicine physician. I have MD and MPH degrees from the University of Utah, and have also trained at UCL and Indiana University. I have worked in the Emergency Department setting at Primary Children's Hospital for nearly 20 years where I have been involved with the care and evaluation of y0oung patients presenting with illness, injuries, mental health crises, and after experiencing physical and sexual abuse. I have worked in collaboration with the Safe and Healthy Families team at PCH and have worked on policy and legislation with them to support the protection of our kiddos and their families.

What unique perspectives could you bring to the board?

From a policy perspective, I worked as a non-elected advocate in the opioid overdose prevention space for nearly a decade prior to being elected. This allowed me to develop relationships broadly across the realms of law enforcement, the criminal justice system, physical and mental health care systems, as well as with policy makers. I feel I have a skill set that is helpful in advancing policy objectives and in building bridges.

From a care provider perspective, I have been involved with the care of children along their trajectory of being impacted by abuse, neglect and trafficking. I have evaluated them from a very initial presentation to years down the road as they continue to be treated and heal form their traumas. I feel I Bring a practical perspective to dialogues as well as a strong belief in the importance of what the CJC does for our kiddos.

Why do you want to serve on this board?

I work very closely with the CJC and participate often in MDT. I hope to contribute and collaborate, providing a medical perspective from Safe & Healthy Families.

What education, work experience, or volunteer experience do you have that applies to this board?

I am a fellowship-trained child abuse pediatrician with the Center for Safe & Healthy Families (SHF) at Primary Children's Hospital. I have been a part of SHF for 4 years and have worked closely with the CJC as well as have closely participated with MDT/staffings. I have served on 2 fatality review boards as well as several committees addressing forensic and clinical concerns in patient care. I have also collaborated with the MDT training for DCFS, LE, and other professionals that overlap in our field.

What unique perspectives could you bring to the board?

Given the role of Safe & Healthy Families in the evaluation and management of child maltreatment cases, it will be important to maintain a strong medical perspective on this board that I can provide. I work very closely with the other medical providers on the SHF team, and can help ensure clear communication.
