Name:	Capitol Theater Exterior Caulking Project	5008 - Council	Capital Project Transfer	No		26957

Request Description: Replace exterior caulking on the north side of Capitol Theater. After the Utah Theater was demolished, it temporarily exposed the north side of the building. Inspection of the Capitol Theater identified areas where caulking was missing. Existing caulking was breaking down and needing replacement too. This request is time sensitive. The project must be completed before construction begins at the old Utah Theater site. The project also requires warmer weather to ensure a good seal. Partial funding of \$38,352 is available in 2022 from under-expend in four other projects. The balance of \$32,000 is requested in 2023.
