

Welcome!!

Our Mission

Our Mission is to provide citizens of Salt Lake County with effective and innovative alternatives to incarceration that include a balance of jail release and supervision.

Looking Toward the Future

New CJS Location

01

CJS Has Exceeded Capacity in the Current Space

CJS currently has 147.75 staff, including 9 recently approved FTEs; we also provide space for 11 Sheriff Deputies, two Assessment and Referral (ARS) assessors, and staff from the Utah Healthy Policy Project (UHPP)

02

Client Population Shifting Toward Center of County

Historically the majority of our clientele have lived toward the northern part of the County; due to the increased cost of housing, improved access to public transportation, and the new homeless resource centers, our clients are migrating to the central part of the Salt Lake Valley

03

Current Lease Ends October 31, 2025

QUESTIONS

**Thank you for your
interest and continued
support.**
