Which Boards would you like to apply for?

Parks & Recreation Advisory Board: Submitted

Referred by:

Qualifications

Please tell us about yourself.

Hello All. I was the kid that collected ski maps instead of baseball cards and dug up his mom's garden to build a bike track. Outdoor recreation has always been a part of my life. When I found out that I could share the outdoors with others as a career I knew that would be my path in life. I have worked in the Adaptive sports community for 23 years now. This community has shown me the just how important recreation, movement and the outdoors is for everyone.

Why are you interested in serving on a board or commission?

I am interested in serving on a board so I can represent the populations that sometimes get forgotten. I have been lucky to have experienced living and recreating all over the intermountain west I would love to use my experiences to better our community.

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

Please read my resume to see my history working in the recreation field. I have also been on many committees and projects dealing with trail building and specifically adaptive trails

What unique perspectives could you bring to the board?

I am always told "you have a unique perspective"??? I don't always know if that is a compliment or a challenge??
