Presenter: Jevon Gibb, Executive Director of Salt Lake County Redevelopment Agency  
 Discussion/Direction

**Mr. Jevon Gibb**, Director, Economic Development Division, stated he had previously discussed the acquisition of properties on Magna Main Street, including the properties on the agenda today. He reviewed the following three resolutions authorizing the contracts to close the transactions on these properties.

**Director Stewart** asked if the County was trying to acquire the properties for a specific project

**Mr. Gibb** stated the County wanted to do a mixed-use development there, with ground floor retail and upper floor residential. It would be a catalytic project for the rest of the neighborhood to demonstrate the kind of product that should go in there. It is a concept the long-range and short-range planners with the Greater Salt Lake Municipal Services District’s (MSD) envisioned for the area. He would continue to work with the owners holding out on selling their property to try to acquire those properties.

Presenter: Jevon Gibb, Executive Director of Salt Lake County Redevelopment Agency  
Discussion/Direction

**Mr. Jevon Gibb**, Director, Economic Development Division, reviewed the following participation agreement with MWIC Magna LLC for a large mixed-use residential project. This project was approved by the RDA Board in the previous year, and the participation agreement is in accordance with what the Council asked of the Redevelopment Agency. The Magna Metro Township Council also approves of it.

**Director Stewart** asked if there was a housing element requirement.

**Director Bradshaw** stated the countywide policy requiring a housing element does not apply in this case because the County is the municipal body, deferring to the Magna Metro Township on what it wants done with its tax increment.

**Mr. Gibb** stated there was an allocation for housing with this project area that would remain in place, but it was not going to be part of this specific development.
