**FAX:** (801) (sent via email)

**DATE:** September 11, 2019

**EXPIRES:** **December 15, 2019**

**RE:** **SPY HOP Production Project** ----- **Cover Fill**  
**Site: Limited-Impacted Soil** ----- **Est. Volume: 400 yd<sup>3</sup>**  
208 West 900 South SLC, UT **\$10.00/ton**

**MESSAGE:** Hello Peter Corroon & Others,

Based on the information that you provided, including the analytical data, email information and discussion with Mike Cronin of Wasatch Environmental - the SLV Landfill will accept the slightly-impacted soil as Cover Fill material.

Acceptance is based on the following:

- Field screening rationale, procedure and conditions are the same as your previous RDA Site project in 2016. **Cover Fill Rate – \$10.00/ton**
- The loads may be used in Landfill operations as daily cover.
- **Loads must be physically clean** – no asphalt, concrete, wood, brick, or garbage, etc.
- **Loads should be dry.** Loads will be inspected.
- Please contact Karen (385 468-6376) with any questions about payment, set up an account – Call in advance to inquire about hauling in & after bad weather.
- Truck driver(s) must give a copy of this letter to the Landfill scalehouse attendant with each load.

If you have any questions or need any additional information, please let me know. This letter serves as your acceptance document.

### Attention Scalehouse:

Regards,

Please contact inspector to check the load as needed.  
Expecting 400 yd<sup>3</sup> ----- **Cover Fill – \$10.00/ton**

Thomas M. Burrup twb
