Qualifications

Please tell us about yourself.

I was in arts administration for 20 years before recently retiring. It was a very fulfilling career and I thoroughly enjoyed getting to know about other arts organizations in the valley as well as the ones I worked for. I'm also a quilt artist, and have started showing my work at galleries and in shows the last few years, which has been a real expansion for me as an artist.

Why are you interested in serving on a board or commission?

I am happy to be in the "giving back" portion of my life after work, and I have a passion for the arts -- locally and globally.

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

20 years in local arts administration, including almost 12 years as executive director of two organizations. My graduate school education is in social work and social policy -- surprisingly good skills to have when working with humans!

What unique perspectives could you bring to the board?

I would bring the perspective of having been on the application end of the ZAP process for 20 years -- a perspective that I think could be very useful when reviewing applications from other organizations.
