As a member of the Advisory Board, I have no financial interest or financial gain tied to Craft Lake City. Clark Planetarium participate in numerous informal education events around Salt Lake County throughout the calendar year. Part of Craft Lake City's mission includes educating the local community and culture through science and technology. During the planning process for Craft Lake City's annual festival, Clark Planetarium may be asked to participate as a presenter or vendor at the festival. If this occurs, I plan to pass this request on to the Community Outreach team. In order to avoid any conflict of interest, I would abstain from participating in further coordination between Craft Lake City and Clark Planetarium. In the event of any other possible collaboration or partnership between Craft Lake City and Clark Planetarium, I would follow a similar plan of abstention.

I declare under criminal penalty under the law of Utah that the foregoing is true and correct.

D. Give a detailed description of the actual or potential conflicts of interest identified above, i.e., the nature of the relationship of each business entity or person with the County. Use more sheets if necessary. (This disclosure statement will not be accepted as valid unless this section is completed.)

As a Solar System Ambassador for JPL/NASA, I have no financial interest that conflicts with my public duties. JPL/NASA is not directly associated with Salt Lake County, but Clark Planetarium may occasionally use free resources from this institution to further its educational mission. As a volunteer for this organization, I give my time outside of my public duties to plan and lead public engagement activities in Salt Lake County and elsewhere that further interest in space science, but I receive no compensation. If I am offered compensation, I will decline the offer, or the opportunity, to avoid a conflict of interest.

I declare under criminal penalty under the law of Utah that the foregoing is true and correct.
