### Which Boards would you like to apply for?

Arts and Culture Advisory Board: Submitted

---

### Referred by:

---

### Qualifications

#### Please tell us about yourself.

As executive assistant to Governor Huntsman and Gary Herbert I enjoyed making a difference in our community. As an EA I had the opportunity to work with and collaborate with many different kinds or people in the state. Such as business owners, constituents, other civic leaders and international leaders as well as working closely with other cabinet members.

#### Why are you interested in serving on a board or commission?

Public service is important to me specifically the arts and culture. I started my employment with the state years ago under Governor Huntsman's newly created Department of Community and Culture. I was an outreach coordinator for underserved and minority communities before worked in the Governors Office.

**What education, work experience, or volunteer experience do you have that applies to the board you are applying for?**

I graduated with a Master of Education from Westminster College and hope to one day teach at the college level. I volunteer my time at Parklane Elementary school assisting teachers with fun holiday art and craft related events. As well as helping where needed such with the yearly reflections contest serving as a judge of art and field trips. I enjoy all forms of art such as dance, architecture, 3d art, music and more. Every year, my daughter and I attend Ballet West's Nutcracker as we love and support them in their art. When I was a child my parents took me to see the orchestra with the Utah Symphony at Abravanel Hall. My daughter enjoys taking ballet through a Utah owned ballet school.

**What unique perspectives could you bring to the board?**

I value the importance of art in our daily lives. I support our local artists and our professional arts programs. Having worked in city and State government and with diverse populations and as a supporter of all the arts I feel I bring a unique perspective to the board. My professional experience and my educational experience as well as being a homemaker would make me a well rounded candidate for a position on the arts board. I would be honored to be a part of the board.
