RE: Mountainous Planning District Planning Commission Recommendations

Dear Mayor Wilson:

I am writing on behalf of Mayor Peterson and Mayor-elect Michael Weichers regarding recommendations from the City of Cottonwood Heights for a representative to serve on the Mountainous Planning District Planning Commission. We acknowledge your ordinance requirements to submit the names of two or three candidates for consideration.

As you are aware, Nicole Omer has served over the past few years and expressed a desire to be reappointed. After discussion on this matter, we are requesting that Nicole be reappointed to the Commission representing Cottonwood Heights. In accordance with your ordinance, we are also providing the name of Jonathan Ebbeler, who recently applied to the county offices for a position on the Commission.

We appreciate the continued collaboration with Salt Lake County and look forward to continuing positive working relationships as we address issues that impact both of our organizations. Let me know if you have any questions or need further clarification on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tim Tingey', is written over a light blue horizontal line.
