Form ID: 34258

Name: PAR Riverbend GC Irrigation Timing Clocks Replaced

Request Description: Golf requests to increase the irrigation timing clocks project budget to replace the entire system at Riverbend Golf Course.

The irrigation system at Riverbend Golf Course is 30 years old. Irrigation clocks on the current system are obsolete and will not communicate with newer technologies. Replacing the system now will increase water usage efficiency, reduce downtime spent on repairing the existing system, and reduce staff time spent finding compatible replacement parts for the existing system. Additionally, the vendor is offering a discount to replace the entire system now compared to a phased approach over several years. This adjustment is requested now as the vendor's pricing is set to expire 3/15/25.

This request will be funded by Golf Fund unassigned fund balance.
