

Dear Chair Theodore,

At today's **Debt Review Committee meeting**, the committee reviewed and discussed the following resolutions:

1. **Resolution of the Salt Lake County Council Declaring Official Intent to Reimburse Expenditures to Its General Fund or Other County Funds for the Financing of Project Costs Associated with Acquiring, Improving, or Constructing a Government Center, Other County Capital Projects, and Related Facilities.**
2. **Resolution of the Municipal Building Authority of Salt Lake County, Utah, Declaring Official Intent to Reimburse Expenditures to Its General Fund or Other County Funds for the Financing of Project Costs Associated with Acquiring, Improving, or Constructing a Government Center, Other County Capital Projects, and Related Facilities.**

After careful review and discussion, the **Debt Review Committee unanimously voted to favorably recommend that the County Council approve both resolutions.**

The committee recognizes that **time is of the essence** in approving these resolutions to ensure the County has the necessary financial mechanisms in place for these critical projects. **We strongly encourage the Council to approve them as soon as possible in their next possible Council session to avoid any delays in implementation.**

Please let me know if you have any questions or if the committee can provide any additional information to assist the Council in its deliberations.

Sincerely,

Chris Harding
