2. CITIZEN PUBLIC INPUT

Mr. Donald Shelton, South Jordan City Council, stated when the County decided to replace the Marv Jensen Recreation Center, South Jordan's expectation was that the lost swim lanes would be replaced. The City Council continues to be prepared to commit \$1 million dollars and the land necessary. He has spoken with the president of the Jordan School District Board of Education and another board member. Those two individuals are also interested in rejoining the conversation to add swim lanes at the South Jordan Recreation Center.

Ms. Tamara Zander, South Jordan City Council, read a collaborative letter that South Jordan Mayor Dawn Ramsey emailed to the County Council earlier that day. She provided a copy of this letter for the record.

Mayor Jennifer Wilson stated the County had hoped to get \$3 million from the sale of the Marv Jensen Recreation Center, but ended up getting about half that. Since it was previously decided that these proceeds would be earmarked for swim lanes, the County added another \$1.5 million in funding to make up the difference. A few weeks ago, the Council appropriated another \$2.42 million from the sale of the mink farm. Therefore, the County is working with a total appropriated amount of \$5.42 million.

Mr. Lawrence Horman read a statement he wrote years ago entitled "Addressing the Myths of Homelessness". He provided a copy of this statement for the record.

Presenter: Helen Peters, Director of Regional Planning & Transportation (Approx. 10 mins)
Discussion/Direction

Ms. Helen Peters, Director of Regional Planning and Transportation, stated the governing body of Utah Transit Authority (UTA) has been a board of trustees since the Utah Legislature reorganized it in 2018. Carlton Christensen was appointed to the first board of trustees at that time. Four years have passed, and it is now time for a reappointment.

Ms. Catherine Kanter, Deputy Mayor of Regional Operations, stated Mr. Christensen is eminently qualified. The entirety of the Salt Lake Council of Governments was aligned with Mayor Wilson in submitting his name to the Governor, which speaks volumes about the appropriateness of this recommendation.

Council Member Snelgrove stated during Free Fare February, there was a 60 percent increase in ridership. He asked Mr. Christensen what each percent increase in ridership equated to in cars being off the roads. He stated the County should start thinking now about getting Free Fare January and February on the books for future years. He also felt the marketing efforts could be improved.

Mr. Carlton Christensen, Board of Trustees, Utah Transit Authority, stated he did not know the number off the top of his head, but the reduction in drivers was substantial and there were no red days during February 2022. A planning group that includes Utah Department of Transportation, two Metropolitan Planning Organizations, Mountainland Association of Governments, Wasatch Front Regional Council, and Utah Transit Authority is studying the free fares. This study should be complete this fall. No decisions will be made until that time.

A motion was made by Council Member Winder Newton, seconded by Council Member Snelgrove, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

3.11 Ordinance Providing for Review and Advice as to Form and Legality by the Salt Lake County District Attorney Consistent with Utah Code Section 17-18a-504

[Legal Review and Advice Ordinance 05.19.22 Version 1 \(RAF\)](#)
[Legal Review and Advice Ordinance 05.19.22 Version 2 \(RAF\)](#)

Presenter: Chair Stringham and Councilmember Alvord (Approx. 25 mins)
Discussion/Direction

Council Member Stringham stated there are two versions of this ordinance; the Council needed to decide which version to adopt.

Council Member Alvord stated he preferred version one, which does not require an attorney's signature for an ordinance to move forward. He felt version one was the closest to what the Legislature intended in its passing of SB57. Version two, which requires a signature, symbolically creates a problem of separation of powers that the legislature never intended, as legal advice should not imply authority. He asked Ralph Chamness, Deputy District Attorney, if he knew of any circumstance other than a natural disaster that would necessitate legal counsel taking more than fourteen days to review a proposed ordinance. He wanted to know how the Chair would proceed if counsel exceeded that period.

Mr. Ralph Chamness, Deputy District Attorney, stated fourteen days would almost always be adequate. He and Mitchell Park, Legal Counsel, Council Office, agreed there would need to be a lot of conversation if legal counsel were to need time more than that.

Mr. Mitchell Park, Legal Counsel, Council Office, stated there is a section of County Ordinance and a section of Utah Code that provide all the requirements the Council must comply with to approve an ordinance. None of those sections involve legal review, nor does the placement of items on the agenda require legal review. That said, the Council adopted legislative intent in early 2020 that contains language stating items should be "agenda ready" after having been approved as to form by the District Attorney. While that language is now obsolete and might need to be modified, the notion remains that the Council wants to have its legal ducks in a row before voting on agenda items in order to avoid surprises.

Council Member Alvord stated, for the record, it is his understanding that County code explicitly allowed the Council to disregard the advice of the District Attorney. He asked Mr. Park if that was true.

Mr. Park stated that is true and goes to the attorney/client relationship. At the end of the day, any client can ignore the advice of their legal counsel. The Council is always free, when legislating, to adopt what it chooses, provided it complies with the requirements for ordinance established in state law.

A motion was made by Council Member Alvord, seconded by Council Member Snelgrove, that version one of this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion failed by the

following vote:

Aye: Chair Stringham, Council Member Snelgrove, Council Member Alvord, and Council Member Theodore

Nay: Council Member Bradley, Council Member Bradshaw, Council Member Winder Newton, and Council Member Granato

3.12 Update on Salt Lake County Coordinated Response to COVID-19

[22-0511](#)

Attachments: [Staff Report](#)

Presenter: Dr. Angela Dunn, Health Director (Approx. 10 mins)
Informational

Dr. Angela Dunn, Director, Salt Lake County Health Department, reviewed information from Salt Lake County Health Department website. Hospitalizations continue to decline, but emergency room care is increasing. Vaccinations are increasing. The Health Department is having success offering vaccinations at outreach events because they are convenient for people. Most vaccinations administered are third or fourth doses. The Health Department is hosting back-to-school vaccination events to promote vaccinations. Individuals over the age of thirty are in the highest demographic of people seeking emergency room (ER) care for COVID-19 related illness. Being unvaccinated is the greatest risk factor for contracting COVID-19.

When asked by Council Members to address the recent monkeypox outbreak, she stated it does not spread easily and transmittal typically

requires prolonged or direct skin-to-skin contact or skin lesions. The two cases identified in Salt Lake County were from the same household and involved international travel.
