County Clerk - Local Municipality Elections

Mr. David Delquadro, Chief Financial Manager, Council Office, stated circumstances had changed since the Council recognized the projected revenue and expense for the upcoming 2023 Municipal election.

Ms. Lannie Chapman, County Clerk, stated the resignation of Congressman Chris Stewart will necessitate a special election for both the 2023 Primary Election and General Election. When Governor Spencer Cox issued a proclamation setting forth the dates for the special election, he also moved the dates for the Municipal Primary so those two elections would coincide. Twenty-two candidates have filed to run for the office and seven more will be gathering signatures. There will be an additional expense to ensure that the voters in Council District 2 who previously would not have been issued a ballot will now receive one. Governor Cox has promised to allocate \$2.5 million to the counties affected by the Council District 2 race. The Clerk's Office roughly estimates the additional cost will be \$350,000, all of which will eventually be reimbursed. Additionally, Ms. Chapman will be asking the Council to act as a Board of Canvassers for both the Primary Election and the General Election.

Council Member Bradshaw asked if the County would make an appropriation to the mid-year budget and then seek reimbursement from the State.

Mr. David Delquadro stated to his knowledge, the funds have been promised by the State, but the bill has not yet been formally signed. Once the bill is signed, there will most likely be a budget adjustment.

Review and Ratify 2023 Interim Budget Adjustments

Mr. David Delquadro, Chief Financial Manager, Council Office, stated since last week, with the help of Darrin Casper's staff, the beginning and ending fund balance had been trued up. There was a fund balance transfer of \$6.43 million from the TRCC fund to provide for swim lanes. Additionally, the Justice Court budget was tweaked to provide an additional \$570,000 in resources while five Full Time Employees (FTEs) were removed. This was a fund balance transfer, and no new revenue from the Municipal Services District (MSD) was used.

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, stated list presented to all Council members was of all the budget adjustments reviewed and approved since the

beginning of the year.

Mr. Delquadro stated this included the two budget adjustments already discussed for the mailer and the Assessor.

A motion was made by Council Member Bradshaw, seconded by Council Member Harrison, that the interim budget adjustment be ratified. The motion carried by a unanimous vote.

Council Member Alvord stated that although he disapproved, he voted in favor of an FTE that went to the Treasurer's Office because he did not want to send the Treasurer's Office an unfunded mandate.

Council Member Stewart stated he was going to echo a similar comment.

Council Member Winder Newton stated she would make time for Council Members Alvord and Stewart to make that statement later at the Budget meeting.

She reviewed the following slides: Great Salt Lake waterfowl; location of proposed acquisition; What Division of Wildlife Resources (DWR) plans to do with the property; and goals of this acquisition.
