Re: Interlocal Agreement between County and the Granite School District

Dear Director Jensen,

Submitted for your approval and execution is an interlocal agreement between Salt Lake County and the Granite School District's Granite Technical Institute (GTI) for holding classes and maintaining buildings and space at Wheeler Historic Farm.

GTI operates an Agriculture and Natural Resource Science program through which their students get hands-on experience with farm animals and natural resources. The District desires to use County property for purposes of applying principles learned in the classroom to real world agriculture and environments.

The County desires the District to provide support for the animals and the grounds at Wheeler Historic Farm and will not charge the District any consideration to run the program. Attached is a resolution and interlocal agreement drafted by the District Attorney to be approved by County Council. This agreement has been signed by the GTI.

Please let us know if you have any questions,

Respectfully,

PATRICK W. LEARY, Associate Director
Salt Lake County Parks & Recreation

Cc: File
Sara Roach, Director of Wheeler Farm
