Presenter: Hoa Nguyen, Council Budget and Policy Analyst (Less than 5 mins)
Discussion/Direction

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, reviewed the budget adjustment.

Council Member Theodore asked why the request was so high at \$1.4 million.

Ms. Nguyen stated it was because the revenue projection for 2022 was done early and was based on the prior year. The facility now has a better idea of the actual budget amount with eight months of actuals.

Mr. Patrick Craig, Executive Director, Solid Waste Management Facility, stated a little over \$300,000 was revenue from impacted soil projects, which can be difficult to budget. A little over \$1 million was from customers who run similar facilities, but who have had capacity problems and have subsequently been forwarding materials. Overall, it has been good for the County.

A motion was made by Council Member Bradshaw, seconded by Council Member Theodore, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote. Council Member Alvord was absent for the vote.

Presenter: Hoa Nguyen, Council Budget and Policy Analyst (Less than 5 mins)
Discussion/Direction

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, reviewed the budget adjustment.

Council Member Stringham asked if this was in the budget request submitted to the Municipal Services District (MSD).

Mr. David Delquadro, Chief Financial Manager, Council Office, stated as he understood, these were projects the MSD had identified as needed. The MSD will be coming up with additional monies to satisfy the expense.

Ms. Lisa Hartman, Associate Deputy Mayor of Regional Operations, stated this was part of the contract services with the Public Works Engineering Department. It funds the projects, but it goes through the County.

A motion was made by Chair Stringham, seconded by Council Member Theodore, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote. Council Member Alvord was absent for the vote.

Presenter: Hoa Nguyen, Council Budget and Policy Analyst (Less than 5 mins)
Discussion/Direction

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, reviewed the budget adjustment.

Council Member DeBry asked for an explanation on this budget adjustment to help him understand because it seemed to him like a lot of time and money wasted.

Mr. Martin Jensen, Director, Parks and Recreation Division, stated there was no water connection when the park was turned from the old Welby Pit to a park site, so he worked with South Jordan City to create one. The water provided is sufficient for many established parks in South Jordan City, but it does not work to germinate new grass. Additionally, the water quality typically declines over the summer and the salinity increases. Parks and Recreation has gone through much effort to understand what is happening and has worked with different universities to come to a solution. They will amend the soils and treat them to survive. They are also using a higher quality culinary water.

A motion was made by Council Member DeBry, seconded by Council Member Snelgrove, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote. Council Member Alvord was absent for the vote.

Presenter: Hoa Nguyen, Council Budget and Policy Analyst; Martin Jensen, Division Director of Parks and Recreation (Approx. 5 mins)
Discussion/Direction

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, reviewed the budget adjustment.

Mr. Martin Jensen, Director, Parks and Recreation Division, stated this grant was received from the State to support childcare programs at five County recreation centers. The revenue will support expanding the curriculum, providing better stimulation and activities for participants, capital improvements, and new equipment. This is a one-time grant and will not be ongoing.

A motion was made by Council Member Bradley, seconded by Council Member DeBry, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote. Council Member Alvord was absent for the vote.

3.15 A Resolution of the Salt Lake County Council Approving the Rent-Free Lease Agreement between Salt Lake County and Friends of Switchpoint, Inc. [22-0994](#)

Attachments: [Staff Report](#)
[Resolution - Calvin Smith Lease with Switchpoint \(09.27.22\) - RAFL](#)

Presenter: Katherine Fife, Policy & Program Manager; Derrick Sorensen, Real Estate Manager (Less than 5 mins)
Discussion/Direction

Mr. Derrick Sorensen, Senior Appraiser, Real Estate Division, stated the property formerly known as the Calvin Smith library has been sitting vacant and was put forward as a possible location to house winter overflow for people experiencing homelessness. Millcreek City has done what it needed to do to meet zoning requirements. The lease agreement would go through April of 2023.

Council Member Newton asked how the value of the property would be reconciled to the different funds involved for the sake of fairness to the taxpayers.

Mr. Darrin Casper, Deputy Mayor of Finance and Administration, stated the property will either be purchased from the General Fund or, more likely, swapped for an equivalent value of land - possibly the land near the Redwood Recreation Center. He recognized this must occur, but the urgency of the need for the facility outpaced the financial transaction. The Mayor has given him until June to execute a plan.

Mayor Jennifer Wilson stated the exchange will be a dollar-for-dollar value. She asked Katherine Fife, Policy and Program Manager, Mayor's Office, if it is correct that the County will be receiving funding back from the State, and this will result in the Library Fund coming out ahead.

Ms. Katherine Fife, Policy and Program Manager, Mayor's Office, stated the State has put in funding both for mitigation straight to Millcreek City as well as operations for Switchpoint. Switchpoint does not currently have enough funding to cover operating expenses, so there is a gap. Any lease charge would be included in the gap funding.

A motion was made by Council Member DeBry, seconded by Council Member Winder Newton, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

Discussion/Direction

Ms. Helen Peters, Director of Regional Planning and Transportation, Office of Regional Development, introduced John Knoblock as the appointment

recommendation of Mayor Jeff Silvestrini of Millcreek City and Mayor Jennifer Wilson to the Mountainous Planning District Planning Commission. The term would be for three years.

A motion was made by Council Member Bradley, seconded by Council Member Bradshaw, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

Presenter: Dustin Wiberg, Project Manager, Martin Jensen, Division Director of Parks and Recreation (Approx. 5 mins)

Discussion/Direction

Mr. Martin Jensen, Director, Parks and Recreation Division, stated Tree Utah has been a good partner with Parks and Recreation and their partnership goes back to the Peter Corroon administration. This renewal of an existing agreement would allow Tree Utah to plant trees on the County's behalf. The donation is valued at about \$35,000 per year.

A motion was made by Council Member Snelgrove, seconded by Council Member DeBry, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

Presenter: Patrick Leary, Associate Division Director of Parks, Trails, and Open Space, Martin Jensen, Division Director of Parks and Recreation (Approx. 5 mins)

Discussion/Direction

Mr. Martin Jensen, Director, Parks and Recreation Division, stated Parks and Recreation has had a long-time partnership with Granite School District (GSD) and Granite Technical Institute (GTI). GSD holds agricultural education classes on site at Wheeler Historic Farm and brings its own resources, animals, teachers, etc. This is simply a renewal of an agreement that has expired and both parties well understand their responsibilities in the agreement.

A motion was made by Council Member Bradshaw, seconded by Council Member Theodore, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

Discussion/Direction

Ms. Robin Chalhoub, Director, Community Services Department, stated she presented before the Council on September 20th, 2022, requesting approval of three lease agreements for Head Start programs. While these were approved by the Council, Community Services is requesting a technical adjustment to include the lease of office space at Copperview Recreation Center.

A motion was made by Council Member Theodore, seconded by Council

Member Bradshaw, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote.

3.20 County Auditor Hotline Policy

[22-0958](#)

Attachments: [Staff Report](#)
[Reviewed as to Form Auditor Hotline Policy](#)

Presenter: Councilmembers Snelgrove and Bradley (Approx. 30 mins)
Discussion/Direction

Council Member Snelgrove stated he recently had a conversation with Chris Harding, County Auditor, Mitchell Park, Legal Counsel, Council Office, and Richard Jaussi, Chief Deputy Auditor, following a Council Work Session meeting, wherein he discussed with them, the possibility of creating a whistle-blower hotline for the Auditor's Office. They are here to present on what they have come up with. Mr. Park has taken the lead on this project, and it is a way for citizens to report fraud, waste, and abuse.

Mr. Chris Harding, County Auditor, stated the Auditor's Office has been running a hotline for a while now, but they would like to publicize it and use it more frequently. This requires a policy to set the parameters for the hotline. Entities with a fraud hotline are half as likely to sustain loss from fraud. Additionally, the duration of said fraud is reduced from 18 to 12 months on average. It is a good business practice - not just for counties, but any entity that has a lot of money and employees. Sometimes, there may be tips related to the State or other municipalities, and if that happens, the Auditor's Office will pass on the information to the appropriate entity.

Mr. Mitchell Park, Legal Counsel, Council Office, stated this policy would still require County employees reporting wrongdoing to go through the existing process and channels. Additionally, this policy does not establish whistle-blower protections; those are provided to County employees by State law.

Council Member Bradley stated he felt this should go through the Steering Committee, but he was okay passing it today.

Mr. Park stated per County ordinance, Council-initiated policies do not need to go through Steering. It would be at the discretion of the Council.

Mayor Jennifer Wilson stated she hoped the Council would send this to Steering and honor the process. Steering provides a great avenue for all elected officials to have a voice. It is not unusual for government to have things that need to be reported and there needs to be communication with Human Resources.

A motion was made by Council Member Snelgrove, seconded by Council Member Theodore, that this agenda item be approved and forwarded to the 4:00 PM Council meeting for ratification. The motion carried by a unanimous vote. Council Member Alvord was absent for the vote.

3.22 Little Cottonwood Canyon Final Environmental Impact Statement [22-0986](#)

Attachments: [Staff Report](#)

Presenter: Helen Peters, Director of Regional Planning and Transportation; Josh Van Jura, Utah Department of Transportation Project Manager (Approx. 30 mins)
Informational

Ms. Helen Peters, Director of Regional Planning and Transportation, Office of Regional Development, stated the Council received an update on the Little Cottonwood Canyon Environmental Impact Statement (EIS) last year. Since that time, a draft Environmental Impact Statement has been released. This

would be a quick overview with time for questions. The US Forest Service and Utah Department of Transportation (UDOT) were also in attendance.

Mr. Josh Van Jura, Project Manager, Utah Department of Transportation (UDOT) delivered a PowerPoint presentation entitled Little Cottonwood Canyon Environmental Impact Statement South Route Wasatch Boulevard to Alta. He reviewed Project Purpose; Alternatives Impact Summary; Public Comment Themes; Revisions to Alternatives; Final EIS Preferred Alternative; Alternative Summary; Alternative Impact Summary; Preferred Alternative Considerations; Phased Implementation of Gondola B; Sub-Alternatives Components; Tolling or Occupancy Restrictions; Base Station Parking Structure at La Calle; Wasatch Boulevard; Avalanche Mitigation; Avalanche Mitigation; Trailhead Parking; No Winter Parking; Public Review and Comment Period; and EIS Process and Schedule.

Council Member DeBry asked Mitchell Park, Legal Counsel, Council Office, if the State Legislature or the Council would have ultimate authority to decide to accept or reject a gondola, given that Salt Lake County has land use authority in the canyons.

Mr. Mitchell Park, Legal Counsel, Council Office, stated the issue is that the proposals all relate to State roads; they are property owned by the State of Utah. Salt Lake County has authority over the canyons, but to his understanding, this does not supersede the State's authority to approve and develop projects on property right-of-way that it owns. He does not foresee a situation where the Council's land use authority would allow it to prohibit the project.

Mayor Jennifer Wilson stated the land that would hold the poles for the gondola base belongs to the Forest Service, so the Federal Government does enter the equation. This has been ignored by many parties. Some of the towers land on property owned by the LDS Church and others, on land by the Federal Government. There could be a land transfer.

Ms. Catherine Kanter, Deputy Mayor of Regional Operations, stated the gondola base station garage is planned to be built in Cottonwood Heights and some of the City's residents feel this would trump their land use authority.

Council Member Bradley asked what the role of the Forest Service was in this whole event.

Mr. Lance Kovel, Forrest Service, stated the Forest Service has been involved in the process since the inception around 2017 to 2018. The Forest Service understands all the options will involve Forest Service lands in some way and it has been working with UDOT to incorporate a potential Forest Service decision into the Environmental Impact Statement (EIS). Under Title 23 of the United States Code, federal highways have the right to appropriate National Forest System lands in the form of a non-exclusive highway easement. The Forest Service can object to such an appropriation 1) if the proposal is not within the public interest, or 2) if the proposal is to appropriate lands outside of the reason they were incorporated into the Forest Service to begin with. The Forest Service does not have a formal position on UDOT's proposed alternatives, but it does concur with the analysis in the EIS for all the alternatives.

4. CONSENT ITEMS:
