1. CALL TO ORDER

Present: Council Member Laurie Stringham
Council Member Suzanne Harrison
Council Member Natalie Pinkney
Council Member Arlyn Bradshaw
Council Member Carlos Moreno
Council Member Aimee Winder Newton
Council Member Ross Romero
Council Chair Dea Theodore

Call In: Council Member Sheldon Stewart

Invocation - Reading or Thought - Pledge of Allegiance

Ms. Lauren Duke, Administrative and Communications Coordinator, Council Office, led the Pledge of Allegiance to the Flag of the United States of America.

2. PUBLIC COMMENT

Ms. Cheneil Hill, Senior Officer and Founder, Stand Against Fear and Exploitation, stated she has been going to city councils every day to try to get cities to take a stand to protect against corruption, abuse, and exploitation by religious organizations, but has been unsuccessful. A few weeks ago, Taylorsville Mayor Kristie Overson said her concerns about religious organizations misusing 501(c)3 status to commit crimes against children were matters of the Legislature. Ms. Hill stated change does not start at a state level; it starts with local governments adopting policies and ordinances that ensure transparency and accountability of 501(c)3 and religious organizations, which have been able to prevent law enforcement from properly investigating and prosecuting them. For example, Former Attorney General Sean Reyes supported Tim Ballard, despite allegations of misconduct against Mr. Ballard; and the Department of Corrections is allowing Mr. Ballard to join yet another foundation, the SPEAR Fund to join and fight against trafficking. She could not understand how someone facing allegations of misconduct could continue to go unchecked and unmarked. If local government entities do not address this, they are complicit in allowing these abuses to continue.

Ms. Tessa (last name not disclosed) stated she had some questions on the ordinance to impose a County Option Sales and Use Tax for transportation and public safety to address jail overcrowding. She wanted to know how many beds were currently open at the jail, why there was a rush to open the beds, and what the

difference was between the bond for the jail that had not passed and the County Option Sales and Use Tax.

Ms. Shannon Woulfe spoke in opposition to the County Option Sales and Use Tax to expand jails in the bed, stating she and her neighbors are already facing inflation and increased costs due to tariffs, and this will increase those costs. The area they live in is also subject to the highest sales tax in the state. This tax is not justified because of the state of the economy, nor is there a public benefit to expanding the jail. This tax will hurt the poorest families, and poor individuals are the ones who are disproportionately jailed because they cannot afford alternatives to incarceration, such as electronic monitoring, which can cost up to \$300 a month, bail, or treatment. The focus should be on getting treatment beds. Currently, there is a wait time of six to eight weeks for individuals in the jail to get a treatment bed. Permanent supportive housing is also needed. Housing and support services are the things that can reduce recidivism and get people out of jail, whereas jailing people will increase recidivism. The voters were clear in November when they voted down the bond for the jail.

3. REPORT OF ELECTED OFFICIALS:

3.1. County Council Members

Council Member Winder Newton stated she attended the Utah Association of Counties (UAC) Board of Directors meeting last week, at which the board approved the financial report. UAC is also doing some good things. The last few years, Bryan Rodgers, Director of Program Development, Utah Association of Counties, has been doing a Corporate Partnership Program to get corporate sponsorships. This program will save counties money by not having to increase their dues. Instead, the program will bring in other partners who will cover a lot of the costs.

Council Member Winder Newton also announced that UAC's Nominating Committee put forward two names for the second vice president and secretary nominations, and one of those names was Council Member Dea Theodore for secretary. Elections will take place at UAC's annual conference.

Council Member Stringham stated she attended the Greater Salt Lake Municipal Services District last week, where she saw the report for Salt Lake County of new applications for business licenses, planning and zoning, and building permits. Of those applications, there were a couple for new home business licenses, eight for

planning and zoning, and many building permits, most of which were to remodel homes.

Council Member Stringham also announced that the Greater Salt Lake Municipal Services District (MSD) offices that are currently housed at the Government Center will be moving on March 6th and March 7th to 860 Levoy Drive, Suite 300, Taylorsville City. The MSD's phone number is 385-468-6700. The MSD will be closed during the move and will reopen for business on March 10th. Business hours at the new location will be from 8:00 AM to 4:30 PM.

Council Member Theodore stated on Valentine's Day, Friday, February 14th, she observed the work done at the County Clerk's Marriage and Passport Division and was able to witness marriage ceremonies. One couple getting married was deaf and was provided with a sign language interpreter. She also learned there had been 40 appointments that day for marriage licenses, which is a high number of licenses sold.

3.2. County Mayor

Ms. Catherine Kanter, Deputy Mayor of Regional Operations, made the following announcements:

- The X Games 2025 are coming to Salt Lake City, and Salt Lake County participated in a media event last week announcing that the games would take place at the Utah State Fair Park for three days, from June 27th to June 29th. This will be an opportunity to welcome athletes and spectators from around the world and provide them with an incredible experience while they are here. The event will provide millions of dollars for the economy, which will help the County continue to be a vibrant year-round destination. Ms. Kanter acknowledged Visit Salt Lake and its Salt Lake City sports team for their work in making this event possible.
- The Safe Kids Salt Lake County coalition, led by the Salt Lake County Health Department, in partnership with iHeartMedia, will be holding a free Safe Kids Fair on February 22nd, from 9:00 AM to 5:00 PM, at the Mountain America Exposition Center. Attendees will gain practical tips and resources to help prevent injuries and make safer choices.
- The Clark Planetarium will host Clark After Dark: Take Flight for guests 18 years or older on February 18th. The film Blue Angels 3D will be shown in the

IMAX Theatre at 7:30 PM and 8:30 PM, and there will also be live science demonstrations there. Tickets are \$20 per person.

- The Wheeler Sunday Market is going on now through April 13th, on Sundays from 9:00 AM to 1:00 PM, at the Wheeler Historic Farm. The Wheeler Sunday Market is a great way to support local artisans and the local economy.
- The County Library Services Division's Winter Reading challenge will be going on through February 28th. Participation is easy. Individuals just need to set a daily reading goal, track their progress, and return their reading record to any County library, after which, they will receive a free book. The challenge is open to people of all ages.

Discussion/Direction

Council Member Winder Newton explained that in 2018, the State Legislature approved a local option sales tax that could be implemented by counties. For every \$5 purchase, consumers would pay one cent in tax to go towards transportation projects. In 2024, the Legislature gave Salt Lake County the ability to use its portion for either public safety or transportation.

Three quarters of this tax would go to the State and cities for transportation and transit-related projects, which was critical with the growth in the County and the Olympics coming in 2034. The remaining one quarter of the funds would go to Salt Lake County for public safety. The proposal for the expenditure of public safety funds would be as follows:

- \$6.4 million in ongoing operations for the additional 184 beds at the Oxbow Jail;
- A \$1.5 million revenue loss by discontinuing the State contract for the Competency Restoration Unit, which would free up 64 additional beds at the Metro Jail;
- The remaining funds would be allocated for future modifications to the Metro Jail, immediate deferred maintenance for the Oxbow Jail, and programming to reduce recidivism and other key criminal justice priorities.

Council Member Winder Newton stated nearly 70 percent of the current jail population is faced with felony charges, which require longer court proceedings, resulting in extended stays in the jail and an increased demand for jail beds. Salt Lake County has a shortage of jail beds, and it is being required to reopen a section of the Oxbow Jail. The County's General Fund is the only fund that can be used to pay for public safety, and there is not enough revenue in that fund to pay for the additional beds. Over 74 percent of the General Fund is used for public safety related costs, i.e., jail operations, the Sheriff's Office, prosecution, indigent defense, and other things, and the rest of the General Fund goes to independent elected offices so they can do their statutory duties. A member of the House of Representatives is running a bill aimed at addressing jail overcrowding and the early release of inmates, and it is progressing through the Legislature, so the County needs to act quickly on this.

A motion was made by Council Member Winder Newton, seconded by Council Member Bradshaw, that this agenda item be approved.

Council Member Bradshaw responded to the public with the following comments:

- He is committed to alternatives to incarceration, and the County does provide programming and treatment programs within the jail and its criminal

justice system to help individuals break free from recidivism.

- The number of empty beds is functionally zero at any given time at both the Metro Jail and the Oxbow Jail, and there are about 300 individuals in custody treatment beds at the Oxbow Jail.
- Generally, on a daily basis, the County releases the lowest level offenders in the jail due to overcrowding. However, some of the lowest level offenders who are getting out of jail are committing crimes and causing problems in the community.
- If someone qualifies for an ankle monitor, that is a cost the County bears.
- The difference between this funding and the jail bond is this funding is for operations, not for capital. It would help pay for staff and operations of the jail, and a portion would go to expanding human services programming for individuals who are in jail.
- The jail is not prison. The jail generally holds individuals short-term who are either awaiting trial or have been sentenced through trial to 12 months or less.

At the end of day, the County is being asked to do more, but it could not do more without additional resources. He was not a fan of sales taxes, but what gave him some solace with this local option sales and use tax was that it would not be applied to grocery food nor unprepared food.

Council Member Theodore stated there are criminals in the community and some areas are not safe. Public safety is a priority for a lot of residents and for her, and the County needs to do something about this critical issue. The County has programs that are helping with recidivism and helping people who have been incarcerated get back on their feet, although it could use more programs. The County also needs more housing for people getting out of jail, but the jail dashboard indicates that 2 percent of inmates have homes or some kind of shelter outside of jail. Right now, there are 2,066 inmates in jail, and the jail has a capacity of around 2,100, so it is nearly at capacity. She did not like raising taxes in any form, but the jail is expensive to operate, and the County has no other option to pull from to pay for it.

Council Member Stewart stated he would be voting against this. He was

against increasing any tax and thought there were other ways to pay for the jail. He was not opposed to expanding the jail because criminals need to be housed, but he was opposed to funding a step-down program, and he thought there needed to be a different way to do this.

ORDINANCE NO. 1932

ADOPTION OF COUNTY OPTION SALES AND USE TAX
CONSISTENT WITH UTAH CODE § 59-12-2220

AN ORDINANCE OF THE LEGISLATIVE BODY OF SALT LAKE COUNTY, UTAH, ENACTING CHAPTER 3.13 OF THE SALT LAKE COUNTY CODE OF ORDINANCES, 2001, ENTITLED “OPTIONAL SALES AND USE TAX TO FUND HIGHWAYS, A SYSTEM FOR PUBLIC TRANSIT, AND PUBLIC SAFETY PURPOSES,” FOR THE PURPOSE OF IMPOSING A COUNTY OPTION SALES AND USE TAX OF 0.2% ON THE RETAIL SALES AND USES IN THE COUNTY AND AUTHORIZING A DISTRIBUTION OF REVENUE FOR SPECIFIC PURPOSES AUTHORIZED BY UTAH CODE, INCLUDING FUNDING FOR TRANSPORTATION AND PUBLIC SAFETY

The County Legislative Body of Salt Lake County ordains as follows:

SECTION I. Chapter 3.13 of the Salt Lake County Code of Ordinances, 2001 is hereby enacted to read as follows:

The council directs that the provisions hereof be interpreted and construed to accomplish these stated purposes.

3.13.030 - Statutory authority.

The authority for imposing this tax is derived from Utah Code Ann. § 59-12-2220 (2024), as may be amended.

3.13.040 - Imposition - Amount.

Pursuant to Utah Code Ann. § 59-12-2220, and in addition to other sales and use taxes imposed by this title, the county does impose a levy for collection a twenty hundredths percent (0.2%) sales and use tax upon the retail sales and uses in the county as such sales and uses are described in § 59-12-103(1), subject to the exemptions provided for in § 59-12-104. The foregoing tax is imposed and levied for collection on a countywide basis, including the areas within the corporate limits of the cities and towns of the county. The provisions of this chapter shall be subject to the provisions of the sales and use tax laws of Utah to which reference is hereinafter made in this chapter, and which are enacted and made a part of this chapter as though fully set forth herein. The funds received from the imposition of this tax shall be used and expended as allowed by state statute, including more specifically at § 59-12-2212.2 and § 59-12- 2220.

SECTION II. This ordinance shall become effective fifteen (15) days after its passage and upon at least one publication in a newspaper published and having general circulation in Salt Lake County.

APPROVED and ADOPTED this 18th day of February, 2025.

SALT LAKE COUNTY COUNCIL

ATTEST (SEAL)

By /s/ DEA THEODORE
Chair

By /s/ LANNIE CHAPMAN
Salt Lake County Clerk

A motion was made by Council Member Winder Newton, seconded by Council Member Bradshaw, that this agenda item be approved. The motion carried by the following roll call vote:

Aye: Council Member Stringham, Council Member Harrison, Council Member Pinkney, Council Member Bradshaw, Council Member Moreno, Council Member Winder Newton, and Council Chair Theodore

Nay: Council Member Romero, and Council Member Stewart

Council Member Stringham stated a bill going through the Legislature now is forcing the County to do this. Had the Council been given more time, it may have been able to find additional resources and look at other options to resolve this issue. The County has two options in front of it - property taxes or this tax. A sales tax is less intrusive than a property tax, and this tax would not be imposed on food nor on the most basic needs, which was why she supported it.

8.2 Final Adoption of an Ordinance of the Legislative Body of Salt Lake County, Utah Amending Chapter 2.04 of the Salt Lake County Code of Ordinances, 2001, Entitled “County [25-2597](#)”

Requested agenda matters that are received after 3:00 p.m. on the Wednesday immediately prior to the date of the regular council meeting, or that are not in substantially final form, shall not be placed on a regular council meeting agenda unless the chair, at their discretion, determines that the agenda matter is of urgent importance or is exigent in nature. Supporting materials, presentations, and any revised documents for approved agenda matters should be provided to council staff no later than 10:00 a.m. on the Friday immediately prior to the date of the regular council meeting. The council may identify and promulgate additional rules and internal procedures for receiving and processing requests for agenda matters consistent with this section, including requiring the use of more specific systems and software.

In the event of an emergency meeting, public notice and notice to the news media shall be given as may be practical under the circumstances]~~ shall cause notice of all council meetings to be provided in the manner required by Utah statute.

D. The agenda may be amended by the chair or changed by a majority vote of the council, but no action may be taken on new matters introduced to the agenda unless twenty-four hours' notice has been duly given to the public or unless the matter is of an emergency nature, as approved by a separate majority vote of council members present.

E. All agenda items pertaining to pending or proposed actions shall be considered as proposals for adoption. In the absence of a motion to adopt, postpone, or table pending or proposed actions, the chair shall, upon the conclusion of discussion on the matter, declare that the proposal fails adoption or, at the chair's discretion, declare the matter to be held over for a subsequent meeting.

2.04.150 - Public hearings.

A. The council at its discretion may schedule public hearings for other matters under consideration.

At the beginning of any public hearing, the chair may publicly state the rules of conduct for such public meetings including any time limits on speakers' presentations, any requirement of submitting materials in writing with sufficient copies for all council members and the clerk, and such other rules as may be reasonably necessary for the proper and expeditious conduct of the public hearing.

E. Public hearings shall be opened upon the declaration of the chair that the council is at that time in a public hearing and the chair shall state the specific purpose of that public hearing. Upon the conclusion of the public hearing and a motion duly made, seconded, and carried by a majority of the council, the chair shall declare the public hearing concluded or continued to another date, if permitted by law. The chair shall state the conditions of any continuance.

F. The council may rehear any matter decided after a public hearing where an aggrieved person files a written request for rehearing that includes new evidence which the council determines to justify reconsideration of its decisions. A request for rehearing shall be filed within ten days from the date

of the original decision. If a request for rehearing is granted by the council, the rehearing shall follow the same procedures as the original hearing. No rehearing shall be allowed on any matter where a rehearing would be contrary to state law.

Discussion/Direction

- HB 355 Mining and Critical Infrastructure Materials Amendments – Rep. Casey Snider

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which addresses mining and critical infrastructure materials operations. She stated the County has been working with the sponsor on this bill. The bill had at least one substitute, and it passed out of committee last week and is going to the House floor.

Ms. Catherine Kanter, Deputy Mayor of Regional Operations, stated the Mayor's Office had an opportunity to work with the sponsor, but it is not in support of the substitute. The Mayor's Office is hoping there will be a second substitute earlier this week or next week. At this point, she recommended the Council either continue to monitor the bill or oppose it in its current form and allow the Mayor's Office to continue working with the sponsor.

Council Member Stewart recommended continuing to monitor HB 355.

- HB 55 County Office Amendments – Rep. Wayne A. Harper

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which modifies how county officers and county legislative bodies maintain office space and hold meetings. She stated this bill passed and is being enrolled, so the County will be able to move its offices to Midvale City.

- HB 312 Criminal Justice Amendments – Rep. Karianne Lisonbee

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which modifies statutory provisions related to criminal justice. She stated this bill passed the House and is now in the Senate Rules Committee. It has a fourth substitute. The Council's last position was to oppose the bill as written. There were about three provisions in the bill that were problematic for the jail. The Sheriff's Office met with the sponsor today, who agreed on two of the Sheriff's three requests. The Sheriffs' Association negotiated some provisions into the bill on the jail contracting rate and would like to see the bill pass. She suggested the Council modify its position to continue to work with the sponsor.

Chief Matt Dumont, Chief Deputy, Sheriff's Office, stated the way the bill was originally written, it would have required the Sheriff's Office to contract with other counties before it did any overcrowding releases and to only contract for the specified individuals who met the criteria listed in the bill. The Sheriff's Office thought that would accomplish the opposite of what the sponsor was trying to do, and requested a change that would prohibit the County from overcrowding releases of the listed group of people, but would allow the Sheriff's Office to contract for agreed upon individuals, which would be determined between the Salt Lake County Sheriff's Office and whichever contracting agency it was working with. The sponsor agreed to that language change.

The bill had also required that the Sheriff's Office do a full background check on individuals who were arrested, within a 30-day period. That would have been time-consuming and arduous, so the Sheriff's Office requested that language be taken out and that it be allowed to do a 12-month check on individuals who were arrested and booked into the County jail. The sponsor agreed to that change as well.

Sheriff Rosie Rivera stated a third concern was with the bill provision that would affect the agreement the County has with the U.S. Marshals Service to provide 75 beds for its prisoners, although the Sheriff's Office has been providing the U.S. Marshals with up to 200 beds. She met with Representative Lisonbee this morning, with a compromise asking her to at least allow the Sheriff's Office to keep the 75 beds for U.S. Marshals' prisoners, which would allow the Sheriff's Office to keep the most violent offenders from Salt Lake County in its facility, housed close to the court, so they could see their attorneys. Not allowing the Sheriff's Office to keep those offenders would create public safety concerns. Representative Lisonbee was also presented with a letter from the U.S. Marshals indicating that if the bill passed, many of these individuals would have to be transported to Nevada because there were not enough beds in Utah. Representative Lisonbee did not

agree to that compromise, believing that other sheriffs in Utah could step up and take those prisoners.

Council Member Winder Newton asked what the cost was for keeping the U.S. Marshals' prisoners, as well as transportation costs.

Chief Dumont stated the current contract with the U.S. Marshals is about \$4.7 million annually.

Council Member Winder Newton stated she was not okay with the bill as it stands now. She suggested working with the sponsor, informing her of the investment the County has made in opening beds, and to see if she was willing to issue a fiscal note for the \$4.7 million contract amount. This bill was a massive encroachment on local control.

Council Member Stringham stated the County would not only lose that \$4.7 revenue, but it would also have increased costs. These prisoners are violent criminals from Salt Lake County. Getting them off the streets and keeping them in the County jail would be safer for citizens than hauling them to another state or county.

Council Member Harrison stated she shared the concerns of the Sheriff and her colleagues. Keeping the most violent offenders behind bars made the most sense, rather than risking the public's safety by transporting them on the roads.

Council Member Romero suggested the Sheriff's Office talk to the Senate sponsor, Senator Brady Brammer, about these concerns, since the bill is now in the Senate.

Mayor Jennifer Wilson stated the County has been educating the Legislature on jail operations, and legislators are aware of the commitment the County has made to solving the problems. She suggested opposing the bill and creating a strategy to defeat the bill.

Ms. Trevino stated Senator Brammer is sympathetic to the sponsor. The County is going to meet with some Salt Lake County senators to discuss the issue.

Council Member Stringham suggested contacting the Utah Sheriffs' Association to see if it would make a statement in support of Salt Lake County, as that would give a strong message.

Sheriff Rivera stated she would reach out to the Utah Sheriffs' Association.

- HB 356 County Governance Amendments – Rep. Jordan D. Teuscher

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which modifies provisions related to forms of county government. She stated this bill would probably impact every county. The bill is in committee tomorrow.

Mr. Mitchell Park, Legal Counsel, Council Office, stated a substitute just came out today, but it has not been adopted yet. The substitute will primarily concern counties of the third class and lower. The bill reorganizes the eligible forms of county government, based on the classifications of different types of counties; and it provides new mechanisms for initiating a study group to look at an optional plan. The bill would only allow three forms of government: a commission, which could be more than three members, and the bill gets rid of “expanded commission form of government;” a council-executive form of government, which Salt Lake County has now; or a council-manager form of government.

Changing the form of government would be a lengthy legal process, which is the primary impact the bill would have. Right now, if the County were to amend any of the provisions in its optional plan, the County legislative body could do that by a super majority. This bill would not allow a county legislative body to change provisions of the optional plan, without being referred to the voters for their consent. Those provisions include the size or makeup of the County’s legislative body, and the distribution of powers between the executive or legislative branches of county government. The bill also eliminates language that exists in Utah Code that prohibits an optional plan from delineating between full-time and part-time. The bill would allow the status of a county or executive legislative body from full-time to part-time or vice versa, to be changed by a super majority of the County legislative body. Now, that change had to be referred to the voters.

Council Member Stringham stated she was willing to support this. Utah County is asking for the changes.

Council Member Bradshaw stated he was sympathetic to the plights of Utah County, but he was concerned with not having the voters be able to weigh in on a substantial change. He suggested staying neutral on the bill.

Council Member Theodore stated the Council will monitor HB 356.

- HB 456 Transient Room Tax Amendments – Rep. Bridger Bolinder

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which modifies the Transient Room Tax (TRT) and creates the Outdoor Recreation Mitigation Grant Program. The Council was monitoring the bill, which contained a statewide 1 percent TRT tax, half of which would go to the State for projects, one-fourth to a grant program the State would administer for third through sixth class counties for emergency management services and tourism mitigation needs, and one-fourth to the county of origin.

That language was determined to be problematic, so the sponsor is considering doing a second substitute, which would include a 0.75 percent TRT tax. Half of that tax would go to the State, one fourth to the grant program, and one-fourth for a local option for counties that are not included in the grant program. One of Salt Lake County's concerns was opening up its existing TRT tax to emergency management and sanitation services, other than just for visitor promotion. The District Attorney's Office provided language to the sponsor that would tighten that up and require those revenues to be used for impacts from tourism, and the sponsor agreed to include that language in the second substitute.

Mayor Jennifer Wilson stated her office was concerned about broadening the uses, but the sponsor is apparently willing to look at the language the District Attorney's Office provided. Her office was monitoring the bill until it saw the new language. Personally, she did not like the bill. The County has supported the Salt Palace Convention Center over the years, and at some point, the County would lose conventions if visitors continued to be charged more and more. However, she was sympathetic to the fact that the rural counties had unique issues and wanted a solution. Information was also shared with her that leadership and others wanted to see this done. If that was the case, she could refrain from opposing the bill, and if the County was generally held harmless, the County could even support it.

Council Member Bradshaw suggested monitoring HB 456 for now to see if the District Attorney's language gets added to the substitute.

- HB 461 Animal Crime Victim Amendments – Rep. Verona Mauga

Ms. Talia Butler, Director, Animal Services Division, reviewed the bill, which modifies provisions related to the release and forfeiture of an animal that is being held because of abuse or involvement in a crime. She stated currently, animals are considered property, so when an animal is a victim of a crime, the animal had to stay at the shelter throughout the duration of the case, and that could sometimes take two to three years. This bill

separates the forfeiture of the animal from the property and allows the animal to be forfeited within a 14-day time frame. Animal Services is in favor of this bill. It allows an animal to leave the shelter faster, and it saves the County money.

A motion was made by Council Member Stringham, seconded by Council Member Harrison, to support HB 461. The motion carried by a unanimous vote.

- SJR 3 – Sen. Kirk A. Cullimore

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which allows the dissolution of the Salt Lake County Justice Court. She stated the bill was in committee last week and has moved to the Senate floor. The courts are pushing back in opposition because they think it will have a significant fiscal impact on them. Senator Cullimore is going to prepare a substitute with a 2027 effective date, which should take care of the fiscal note. Also, when HB 330 goes into effect, the unincorporated area in the County should shrink, resulting in reduced caseloads.

Mr. Mitchell Park, Legal Counsel, Council Office, stated he thought the courts were concerned about the cost of the County's cases, but that the fiscal note proposed by the courts probably overstated the cases. One of the courts' primary concerns was that if the Salt Lake County Justice Court were to go away, and any municipality also dissolved its justice court, the State court system would have to take on the municipality's burden. Under current statute, if a municipality dissolved its justice court, the default for their cases would be the County Justice Court. If the County did not dissolve its Justice Court, it could be responsible to keep it open for municipalities that had dissolved their justice courts, which was a misalignment between the County Justice Court's revenue and purpose.

Council Member Stringham stated the County should not be required to take on municipal services of a justice court. The County has almost no people left in the unincorporated County. It would be more cost-effective for the County to contract out or contract with the Third District Court for its cases.

- HB 48 Wildland Urban Interface Modifications – Rep. Casey Snider

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which addresses efforts to oversee wildfire risks associated with wildland urban interface property. She stated the County is still working on getting modifications to the bill, which is in the Senate.

- HB 162 Transportation Funding Amendments – Rep. Rex P. Shipp

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which limits certain uses of local option sales and use taxes for transportation. She stated this bill would impact how the County’s “5th 5th” could be used. The version of the bill that has been adopted and is on the House floor does not impact Salt Lake County, so the Council could change its position to monitor the bill.

A motion was made by Council Member Bradshaw, seconded by Council Member Stringham, to monitor HB 162. The motion carried by a unanimous vote.

- HB 196 Vehicle Traction Amendments – Rep. Gay Lynn Bennion

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which addresses a highway authority’s ability to regulate a controlled-access highway. She stated the bill first failed on the House floor, but the House reconsidered it within 24 hours and passed it. It is in the Senate now, and it has already passed out of committee.

- HB 81 Fluoride Amendments – Rep. Stephanie Gricius

Ms. Kara Trevino, Intergovernmental Relations Manager, Council Office, reviewed the bill, which addresses provisions related to water fluoridation and prescription fluoride supplements. She stated this bill passed out of committee and is on the Senate floor.

- SB 285 County Auditor Amendments – Sen. Michael K. McKell

Council Member Bradshaw asked about this bill, which addresses provisions related to county auditors and the delegation of accounting services.

Mr. Mitchell Park, Legal Counsel, Council Office, stated this bill seemed to be aligned with the purposes of the County. The County changed its model from having the Auditor undertake a County function to having Mayor Finance undertake it a decade or so ago. This bill cleans up some residual provisions that still state the Auditor is performing that function.
