As a member of the Advisory Board, I have no financial interest or financial gain tied to Craft Lake City. Clark Planetarium participate in numerous informal education events around Salt Lake County throughout the calendar year. Part of CLC's mission includes educating the local community and culture through science and technology. During the planning process for CLC's annual festival, Clark Planetarium may be asked to participate as a presenter or vendor at the festival. If this occurs, I plan to pass this request on to the Community Outreach team. In order to avoid any conflict of interest, I would abstain from participating in further coordination between Craft Lake City and Clark Planetarium. In the event of any other possible collaboration or partnership between Craft Lake City and Clark Planetarium, I would follow a similar plan of action: I will pass along requests to the appropriate staff and abstain from any further direct participation in coordination and planning.
