Re: 2012 & 2013 Delinquent taxes
Parcel No: 22-31-276-076 PS 101
Name: SCP Garden Glen LLC

Honorable Council Chair Aimee Winder Newton,

We recommend that you reduce the following delinquent general property taxes; the 2012 taxes from \$75.67 to zero and the 2013 delinquent taxes \$76.45 to zero on the above named parcel.

A review of this parcel on the current Tax Sale list was researched by the Recorder's found to be erroneously assessed. It was found through recorded documents a chain of title to Midvale City not SCP Garden Glen LLC entry number 2212955 recorded August 29, 1967.

If you agree with this recommendation, please notify the Salt Lake County Treasurer's office to abate (refund, if paid) property taxes as indicated plus penalty and interest.

Respectfully,

Kevin Jacobs

Stuart,

A review of AD #23 listed as 22-31-376-076 (101) now known as 22-31-376-111 on the current Tax Sale List has revealed the parcel is erroneously assessed. The current assessment is showing ownership in the name of SCP GARDEN GLEN LLC. This is not the case. The correct owner is Midvale City. I am providing copies of recorded documents establishing a chain of title to Midvale City. If you want or need anything further please let me know.

This parcel is associated with Ad #24 22-31-376-076 (102) now known as 22-31-376-112 which I believe is currently properly assessed.

As a follow up here is some history regarding the original parcel 22-31-376-076 and the new parcels 22-31-376-076 (1) now -111 and 22-31-376-076 (102) now -112.

The plat for Garden Glen Subdivision recorded 6/28/2011 at entry #11204842 along with a Declaration at entry #11204843. In said Declaration Part E, Paragraph 4 states: "This association shall own lot 21..." While the Declaration does attempt to create an Association it appears this language was missed by the Recorder's Office while setting up assessments for this subdivision and therefore the Lot 21 in question.

Lot 21 was originally divided into two parcels 22-31-376-075 a small triangular parcel at the southwest corner of said lot then and now determined to be owned by Midvale City. Also, 22-31-376-076 comprising the rest of Lot 21 and thought at the time to be owned by and therefore assessed to SCP Garden Glen LLC.

On October 28, 2013 SCP Garden Glen LLC issues a Quit Claim Deed to Garden Glen Homeowners Association Inc. recorded at entry #11749511. At this time the Recorder's Office divided 22-31-376-076 into 2 new parcels. 22-31-376-111 as remnant parcel and 22-31-376-112 as a parcel now owned by the HOA. While I feel ad #24 parcel 22-31-376-076 (102) a.k.a. 22-31-376-112 reflects the correct ownership and is now properly assessed to the HOA there is question whether it should have originally been assessed to the HOA by virtue of the Declaration recorded 6/28/2011 at entry #11204843.

My findings for Ad #23 are detailed below.

Please feel free to share this information and to contact me with any questions or concerns.

PART B. RESIDENTIAL AREA COVENANTS

1. Land Use and Building Type. No lot shall be used except for residential purposes, unless otherwise indicated on the plat map, as recorded with the Salt Lake County Recorder's Office. 2. Architectural Control. No outbuilding or additions shall be erected, placed, nor altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation.
3. Dwelling Quality and Size. All Henry Walker Homes' plans are approved except as otherwise provided herein, each dwelling shall conform to Sandy City requirements. All

single family detached dwellings shall have a minimum of a 1000 square feet of finished floor space excluding the garage and the basement, basement meaning below grade.

4. City and Other Approval. Approval of any improvements by the Architectural Control Committee does not constitute approval by any governmental entity and shall not excuse or waive compliance with any requirement of such entity. By approving plans, the Architectural Control Committee assumes no responsibility for plan conformity to any other criteria other than the requirements of this Declaration of Protective Covenants.
5. Building Location.
 - (a) Building location must conform to the requirements of Sandy City.
 - (b) Detached Accessory Buildings. A detached accessory building may be permitted, subject to all Sandy City regulations and all of the covenants, conditions and restrictions imposed by this Declaration. The detached accessory building shall compliment in design and composition the dwelling placed in the Lot and in no event shall such accessory building be permitted with a height greater than the dwelling itself.
 - (c) Temporary Structures. No structure of a temporary character, such as, trailers, basement tent, shack, barn or other outbuildings shall be used on any lot at any time as a residence either temporarily or permanently. **Modular homes** are not permitted to be placed upon a building lot for permanent use.
 - (d) For the purpose of this covenant eaves and steps shall not be considered as a part of a building, provided however, that this shall not be construed to permit any portion of a building on a lot to encroach upon any other lot.
6. Easements. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat for the Garden Glen Subdivision. Within these easements, no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the area, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each of the Lots and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible.
7. Landscaping. Front Landscaping is required to be installed or bonded for on each lot prior to certificate of occupancy, weather permitting. The landscaping will include a minimum of a sprinkler system; front lawn; park strip trees and 5-one gallon shrubs. At least 50% of the front lawn shall be in grass excluding the driveway. The remaining 50% can be grass, or flowerbeds, or mineral combination decorative scapes. Corner lots shall have finished landscaping following the, afore mentioned guidelines on both street sides of the lot to the property line. Park strips must be landscaped and maintained by the homeowner. Corner lots shall have 4 park strip trees spaced evenly on both sides, Cul-de-sac lots shall have 1 tree, and interior lots shall have 2 trees.
