Qualifications

Please tell us about yourself.

I have always felt driven to help others, seeking out jobs and opportunities to provide aid to individuals and families navigate challenges and improve their well-being. I seek opportunities for growth and development while demonstrating my willingness to collaborate with others to meet people where they are and guide them to self-reliance.

Why are you interested in serving on a board or commission?

I believe that safe and affordable housing should be accessible to all, rather than a luxury to some. I also believe in collaborating efforts with local agencies to become a collective voice of change in policies while promoting self-sufficiency. I am passionate about achieving this vision and I would dedicate my individual time and efforts to get involved and drive change in hopes to obtain success of the community as a whole.

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

Compassion, effective communication, empowerment and support are the essential skills that I acquired while working as a Family Advocate/Family Literacy Coordinator. As a Clinical Coordinator, I developed the ability to help patients with empathy and sensitivity through their medical struggles. After discovering my passion for making a difference in the lives of the disadvantaged and empowering them to advocate for themselves, I became a volunteer at UnityintheCommUnity, teaching English as a Second Language classes. I also completed a certification in Marriage, Family and Human Relations after graduating from Salt Lake Community College with honors. I am currently serving as treasurer on the Resident Advisory Board with Housing Connect. Additionally, I am a member of the Move To Work committee, as well as a member of the Housing Connect Fund Board.

What unique perspectives could you bring to the board?

The unique perspectives that I could bring to the board are based on personal experience and my experience in working with diverse populations. I have seen first-hand how the current housing crises is affecting every aspect of the community we share. I am well aware of the barriers that individuals and communities face in order to obtain self-sufficiency.
