

Mayor Proposed 2022 Pay & Benefit Package for SLCO Employees

UPEA

Chair DeBry and members of the Salt Lake County Council, my name is Hannah Gorski. On behalf of the Utah Public Employees' Association and its Salt Lake County membership, I would like to thank the Salt Lake County Council and Mayor Wilson for giving the association the opportunity to provide comments regarding the proposed compensation package. UPEA supports the Mayor's budget recommendations of a 2.75% merit adjustment, 2.0% pay structure adjustment, and raising the minimum living wage to \$15/hr. UPEA also supports the recommended medical benefits and increasing child care opportunities. UPEA looks forward to working with members of the County Council throughout the budget hearings. Thank you for your time.
