Re: Donation by Dirt Locker Company for Hillside Stabilization @ Wheeler Farm

Dear Martin,

Attached please find the donation form per Countywide Policy 1006 with documentation for a new retaining wall system to address a hillside on the west side of the Activity Barn located at Wheeler Historic Farm. The product and installation will be donated by the Dirt Locker company. We will provide labor and updated irrigation for this project which will help stabilize this hillside and enhance the visitor enjoyment of this area of the Farm.

Respectfully,

PATRICK W. LEARY, Associate Director, Parks, Trails & Open Space
Salt Lake County Parks & Recreation
