Judicial Protection Division

The Judicial Protection Division is responsible for carrying out the Sheriff's statutory duties which include bailiff and civil process services. Deputies in this division transition between law enforcement, prisoner management, court security, and public service.

Facilities Protection Division

The Facilities Protection Division is responsible for the protection of Salt Lake County facilities, the citizens visiting the facilities, and the employees that work in them. Deputies in this division transition between law enforcement duties as well as facility, dignitary, and asset protection.
