Dear Chairperson Stringham,

In the Salt Lake Valley Solid Waste Management Council meeting held on 12.7.2022 the Council considered a fee waiver request from Karen Crompton, Salt Lake County Director of Human Services, for waste collected from encampment clean-ups.

The request for a waiver of Municipal Solid Waste fees is for an aggregate amount not to exceed 1,000 tons for 2023. The waiver request was unanimously approved by the Solid Waste Management Council to recommend for consideration by the Salt Lake County Council, which has ultimate authority in approval of fee waivers.

The Solid Waste Management Council recognizes that encampment mitigation efforts are only possible through the support of municipal, state, and community groups.

Please let me know if you have any questions. Thank you for your time and consideration.

Sincerely,
