Qualifications

Please tell us about yourself.

I've lived in Murray since 1998. We relocated for a position in an advertising/digital marketing firm and my spouse for her opportunities in the medical field. We're originally from New York State.

Why are you interested in serving on a board or commission?

I am, I should say, my family and I are very interested in the overall development of Salt Lake and Utah: economic, socially, culturally, educationally. It's a great place to live and work, and has been wonderful for our son who has grown up here. We have been fortunate to live and work in many places in the world and appreciate how much culture and the arts can be a positive contributor to the well being of the community. Over our many years in Utah we've enjoyed dance, ballet, theater, symphony, the zoos and everything that Utah has to offer. This has been a very good period for our family.

What education, work experience, or volunteer experience do you have that applies to the board you are applying for?

I am currently in my 3rd year serving on the Murray City Arts & Cultural Advisory board. In 2021 I'm the chair. I previously served on the City's economic development task force under former Mayor Snarr. I also served on the Leonardo board until it's opening in 2011. Prior to that I was on the Eye Care for Kids board. I've also served on the business board of the Utah chapter of ACG (Association of Corporate Growth). I've also been a volunteer at our son's schools and have coached in youth hockey and soccer in the past.

What unique perspectives could you bring to the board?

I'm an experienced business person. I've led large organizations and start ups. My particular competencies are organizational development, marketing and sales. I have been on both business and charitable boards and believe I know how to collaborate with people of varied points of view. I grew up with a background in the arts: filmmaking, writing, painting. As I mentioned we're active in attending all kinds of media and appreciate the role of the arts and culture in bringing a community together.
