Salt Lake County Countywide Policy 1031

SALT LAKE COUNTY COUNTY-WIDE POLICY No. 1031 ON COUNTY OPTION FUNDING FOR ZOOLOGICAL, CULTURAL AND BOTANICAL ORGANIZATIONS KNOWN AS THE ZOO, ARTS & PARKS PROGRAM

Background:

In November 1996, Salt Lake County voters approved a 1/10th of 1% increase in the local sales and use tax as a means of enhancing funding for local zoological, cultural and botanical organizations and recreational facilities within Salt Lake County. Funds are to be distributed as consistent with Title 59, Chapter 12, Part 7, Utah Code Annotated (Utah Code Ann. §§ 59-12-701 *et seq.*) (the “Act”).

In 2004 this initiative was approved with 71% of the vote and in 2014 voters again overwhelmingly approved this initiative with 77% of the vote.

To carry out the provisions of the act, the County has enacted Chapter 3.07, Salt Lake County Code of Ordinances.

Program Purpose:

The Zoo, Arts and Parks (ZAP) program educates, supports and engages partner organizations to enhance the quality of life for Salt Lake County communities and visitors through artistic, cultural, botanical and recreational experiences. By imposing, collecting, and distributing a 1/10th of 1% county sales and use tax, the program provides adequate and predictable financial support to Zoological and Tier I organizations while enhancing financial support for Tier II programs and organizations. The Zoo, Arts and Parks program is committed to fair and equitable access to funding and educational resources. It will also work to increase the public awareness of the value of the ZAP Program.

1.0 Policy

Under the ZAP Program the County Council shall distribute the revenues collected annually as a result of the imposition of a sales and use tax designed to help defer costs for the County’s qualifying zoological, cultural and botanical organizations consistent with Utah Code Ann. §§ 59-12-701, *et seq.*, and Chapter 3.07, Salt Lake County Code of Ordinances.

This policy is not intended to apply to the recreational and parks portion of the ZAP sales and use tax.

The distribution of ZAP revenues, as outlined in the Act, are as follows:

- 1.5% may be used by the County for the administration of the program

Once administrative revenues are subtracted, the remaining ZAP revenues shall be distributed as follows:

- 16% to fund up to three qualified zoological facilities and organizations
- 45% to fund up to twenty-two (22) qualified Tier I organizations
- 9% to fund qualified Tier II organizations

30% to fund qualified recreational facilities and operations

Interest collected on the ZAP revenues will be distributed according to the same formula as specified above.

3.0 General Guidelines

- 3.1 Funding for this program comes from sales and use tax revenues that are collected by the State of Utah and distributed to Salt Lake County under the Act. To ensure more funds are not disbursed than received for the year, total actual fiscal year revenues cannot be disbursed until received by the County Treasurer, recorded by the County Auditor and reconciled by the County Mayor. At year-end, this process may require three to four months after the County’s fiscal year ends.
- 3.2 An applicant must be a qualifying organization to apply for and qualify for ZAP funding. A nonprofit applicant must be exempt from federal tax under Section 501(c)(3) of the Internal Revenue Code to qualify for ZAP funding.
- 3.3 An applicant that is applying for ZAP funding as an administrative unit shall submit adequate documentation to ZAP staff to verify that it meets the definition of an “administrative unit” under the Act. Specifically, an applicant applying as an administrative unit, must demonstrate, to the satisfaction of the applicable Advisory Board and a CPA hired by the ZAP Program, that: (1) it would, if it were a separate entity, be considered a botanical or cultural organization under the Act, and (2) it consistently maintains books and records separate from those of its parent organization.
- 3.4 All qualifying organizations may apply once per year. However, if an organization applies for Tier I funding in a given year and is not selected to receive Tier I funding, the organization may still apply for Tier II funding in that same year.
- 3.5 The ZAP Program encourages applicants to provide free tickets and/or invitations to the County, in accordance with established department guidelines, at least once per year so that members of the applicable Advisory Board and ZAP staff may evaluate the applicant and the merits of its programs and activities. Advisory Board members and ZAP staff are encouraged to attend free events whenever possible.
- 3.6 Tier II applicants applying for \$15,000 to \$29,999.99 in ZAP funding will be required to provide a certified review of operating expenses for the most recent completed fiscal year.
- 3.7 Tier II applicants applying for \$30,000 to \$59,999.99 in ZAP funding will be required to provide a certified audit of operating expenses for the most recent completed fiscal year.
- 3.8 Tier II applicants applying for \$60,000 or more in ZAP funding will be required to provide a certified audit of operating expenses for the three fiscal years prior to the application date.

- 3.9 Tier II local arts agency applicants that are agencies of a municipality may provide a copy of their municipal “comprehensive annual financial report” to satisfy the applicable certified review or certified audit requirement.
- 3.10 Zoological and Tier I applicants must provide and calculate average annual qualifying operating expenses based upon certified audited financials for the three fiscal years prior to the application date.
- 3.11 Each year, the ZAP Program shall issue public notice indicating: (1) how to apply for ZAP funding online and the availability of application forms online, (2) the deadline for filing completed applications for ZAP funding, and (3) the date, time, and place of all meetings of the Advisory Boards.
- 3.12 All applications, including any required supplemental material, must be submitted to the ZAP Program prior to the deadline. Late submissions will not be accepted or considered. Following submission of a completed application, ZAP staff may contact applicants to request clarification regarding any portion of the applicant’s application. An applicant must respond to the County’s request for clarification within 10 business days otherwise the applicant’s application may not be considered further.
- 3.13 Each funded organization must submit an annual evaluation report detailing how it expended the funds it received from the ZAP Program. The purpose of the evaluation report is to account for the funds distributed to each funded organization. The report must be submitted after the project’s completion and prior to future ZAP funding. ZAP funding may be withheld due to inadequate, incomplete, or non-submitted evaluation forms.
- 3.14 Salt Lake County agencies (departments, offices or divisions) are not eligible for ZAP arts and cultural funding. The ZAP Program encourages County agencies and other ineligible organizations to collaborate with ZAP funded organizations in supporting their mission.
- 3.15 ZAP funds may not be used for the following expenditures:
 - 3.15.1 University and college programs organized primarily for the student body populations;
 - 3.15.2 Activities not available to the general public;
 - 3.15.3 Activities outside Salt Lake County; and

4.0 Requests for Zoological, Tier I and Tier II Funds

- 4.1 Each year the ZAP Program will post information regarding the ZAP Program, such as application deadlines and instructions, on social media and the County's website. Notices will also be sent to all zoological, cultural and botanical organizations that are in the ZAP database.
- 4.2 All requests for funds must be submitted on an official application or website provided by the County's ZAP Program. Applications must be submitted prior to the deadline identified within the body of the application. Applications received after the deadline will not be considered.
- 4.3 Applicants may be asked to submit a basic pre-application in order to determine general eligibility under this Policy and the Act. Based on the content of the pre-application, the ZAP Program Director may either direct the applicant to submit a full application or disqualify the applicant prior to submitting a full application.
- 4.4 The applicable Advisory Board shall review all eligible applications and accompanying material. After careful review and deliberation, and based upon the submitted application and accompanying information, the Advisory Board shall submit a written recommendation to the County Council identifying the organizations selected by the Advisory Board to receive ZAP funding and the recommended amount or percentage of ZAP funds to be distributed to each.

- 4.5 The ZAP Program shall provide notice to applicants regarding the Advisory Board's recommendations soon after the Advisory Board's final decision meeting.
- 4.6 Obtaining ZAP funding is a competitive process; generally not all applicants will receive funding. Applicants may appeal the Advisory Board's final recommendation in accordance with Section 8 and 9 of this Policy. However, dissatisfaction with the amount of a grant award is not a basis for appeal. Funding recommendations are based on many factors including but not limited to the availability of funds. Further, denial of ZAP Funds is not a sufficient reason for appeal.
- 4.7 Following submission of the Advisory Board's recommendation to the County Council, the County Council shall, as soon thereafter as is convenient, select and approve the organizations that will receive ZAP funding and the amount or percentage of ZAP funds to be distributed to each.

5.0 Tier I Funding

- 5.1 Tier I Advisory Board: As required by the Act, the Tier I Advisory board shall consist of seven members appointed by the Salt Lake County Council, two of which must be appointed by the Utah Arts Council. To the extent practicable, Tier I Advisory Board members shall be evenly distributed by council district. No paid employee of a Tier I or Zoological applicant may serve on the Tier I Advisory Board, except that an employee of a university or college may serve on the Tier I Advisory Board so long as the employee does not perform work for an administrative unit that is applying for Tier I funding. The purpose of the Tier I Advisory Board is to advise the County Council on the disbursement of ZAP funds for the Zoological and Tier I categories.
- 5.2 Tier I Purpose: Tier I funding should be utilized to build organizational capacity, to create stability, and to provide adequate predictable support.
- 5.3 Competitive Process: Organizations that apply and qualify as a Tier I organization are not guaranteed funding. According to the Act, 45% of Zoo, Arts and Parks revenues will be distributed to no more than twenty-two (22) qualified Tier I organizations. Applicants not recommended as one of the twenty-two (22) organizations are encouraged to apply for Tier II funding.
- 5.4 Priority: When all else is equal, priority for Tier I funding will be considered for those organizations that provide:

No Tier II applicant may receive more than 7% of the total amount of funding allocated annually to the Tier II process. The Advisory Board may choose to recommend that new organizations receive a minimal amount, established by the Advisory Board, until the organization can provide evaluation reports or certified reviews or audits to justify more substantial funding.
- 6.6 An organization will not qualify to receive Tier II funding unless it has its headquarters or a significant presence in Salt Lake County and manages and presents activities within Salt Lake County
- 6.7 Tier II Application Process:

- 7.11 The County Council encourages, to the extent practicable, that the board members of all qualifying zoological organizations be geographically balanced such that the organization's board members reside in as many County Council districts as possible.

8.0 Tier I & Zoological Reconsideration and Appeal Process

- 8.1 A Tier I organization that believes the ZAP Program's policies and procedures were not followed, thereby resulting in an error in the organization's funding allocation, may submit a request for reconsideration from the Tier I Advisory Board.
- 8.2 A request for reconsideration shall be submitted to the Tier I Advisory Board in writing within ten (10) business days of receiving funding level notice.
- 8.3 An applicant not recommended for funding who believes that the Tier I Advisory Board violated the ZAP Program's policies and procedures as outlined in Section 8.4 must first appeal to the Tier I Advisory Board by submitting a written statement outlining the grounds for appeal and any supporting evidence to ZAP staff within ten (10) business days of receiving the funding level notice.
- 8.4 The grounds for an appeal are limited to evidence of the following:
- 8.4.1 A conflict of interest was not disclosed and it prejudiced the discussion of the organization's application;
 - 8.4.2 Misrepresentation by staff or board members despite the presence of correct information submitted as part of the original application (*in this case, the appeal only has merit if material in the application file supports the organization's position*); or
 - 8.4.3 Violation of ZAP policy and procedures, County ordinances, or State or Federal statutes.
- 8.5 The following are not appropriate grounds for reconsideration or appeal: (1) dissatisfaction with the selection of the three zoological organizations or the 22 Tier I organizations or (2) dissatisfaction with funding allocations among the 22 Tier I organizations.
- 8.6 In cases where a reconsideration request or appeal has been received by the Tier I Advisory Board, the Board shall convene within forty-five (45) days to consider and vote

on the reconsideration request or appeal. Following the meeting, the Advisory Board shall submit its final recommendation to the County Council.

- 8.7 Following the Tier I Advisory Board's consideration of a reconsideration request or appeal, the Zoological or Tier I organization that filed the reconsideration request or appeal may appeal the final recommendation of the Advisory Board (if based on the grounds outlined in Section 8.4 above) by submitting a written statement directly to the County Council no later than ten (10) business days after notification of the Advisory Board's decision. The written statement shall specify the grounds for appeal and be accompanied by evidence supporting the grounds for appeal.
- 8.8 The County Council will review and make a decision on all appeals filed. Appeals not supported by evidence or not based upon a proper ground for an appeal will be summarily dismissed.
- 8.9 Appellants may not present to the County Council and the County Council may not consider information that was not previously submitted to the Tier I Advisory Board. However, an appellant may submit additional information and evidence to the County Council to establish the appellant's grounds for the appeal.

9.0 Tier II Appeal Process

- 9.1 Tier II funds are not an entitlement, and the filing of an application for Tier II funds, no matter how complete or comprehensive, is not a guarantee that funds will be awarded. Tier II funds are awarded as competitive grants, based on merit and the availability of funds, which may vary from year to year.
- 9.2 Denial of funding or funding at a lower level than anticipated or desired is not a justification for an appeal, nor should it be construed as a judgment on the particular merits of a specific organization or applicant. Applicants are encouraged to consult ZAP staff if they have questions about completing the application or the application procedure.
- 9.3 The recommendation of the Tier II Advisory Board is not subject to appeal or reconsideration by the Tier II Advisory Board.
- 9.4 Tier II organizations may appeal the Tier II Advisory Board recommendation to the County Council by submitting a written statement directly to the County Council no later than ten (10) business days after notification of the Tier II Advisory Board's decision. The written statement shall specify the grounds for appeal and be accompanied by evidence supporting the grounds for appeal.
- 9.5 The grounds for an appeal are limited to evidence of the following:
 - 9.5.1 A conflict of interest was not disclosed and it prejudiced the discussion of the organization's application;
 - 9.5.2 Misrepresentation of information by staff or board members despite the presence

of correct information submitted as part of the original application. (*in this case, the appeal only has strength if material in the application file supports the organization's position*); or

- 9.5.3 Violation of the ZAP policy and procedures, County ordinances, or State or Federal statutes.
- 9.6 The County Council will review and make a decision on all appeals filed. Appeals not supported by evidence or not based upon a proper ground for appeal will be summarily dismissed.
- 9.7 Appellants may not present to the County Council and the County Council may not consider information that was not previously submitted to the Tier II Advisory Board. However, an appellant may submit additional information and evidence to the County Council to establish the appellant's grounds for the appeal.

10.0 Distribution of Funds

- 10.1 Approved organizations will be required to enter into a grant agreement with Salt Lake County prior to receiving funds. Said agreements must be executed by the approved organization within a reasonable period of time as determined by the ZAP Program. If an organization fails to return the grant agreement, executed as required hereunder, within the time specified, the organization will not receive payments and may lose its qualification for funding during that application cycle. These grant agreements shall include a clause that allows the County to verify application and evaluation information and the use of ZAP funds, if requested.
- 10.2 Grant agreements may be executed through the online grantor management system.
- 10.3 No funding will be distributed until the applicable grant agreement is fully executed.
- 10.4 Funds under this program will be disbursed based upon the County's fiscal year. All ZAP funding will be based on actual sales and use tax receipts as received by the County Treasurer, recorded by the County Auditor, and reconciled by the County Mayor.
- 10.5 The County Council shall make the final determination as to the distribution of revenue among qualifying organizations in accordance with Utah Code Ann. §59-12-701, *et seq.*, Chapter 3.07, Salt Lake County Code of Ordinances, and these policies and procedures.
- 10.6 Funds disbursed to qualifying organizations will be accounted for in a Special Revenue Fund and disbursed through accounts within the County's ZAP Program.
- 10.7 Documented past due balances, over 60 days, owed to a County facility or agency may first be deducted before any distribution of ZAP funding is made to a qualifying organization.
- 10.8 If a Tier II organization requests funding for a specific program or general operations and the ZAP award is less than requested, the ZAP Program assumes that the organization

will only need to make minor alterations to their programming to accommodate the amount awarded. If organizations find they must change their application scope more drastically (such as moving an event to a different time period than originally applied for) due to less funding or other challenges, the organization may be permitted to modify its application if it promptly informs the ZAP Program of its difficulties via written correspondence explaining how the organization proposes to deal with the challenges. The ZAP Program will review the request and notify the recipient in a timely manner.

11.0 Advisory Board

- 11.1 The Tier I and Tier II Advisory Boards are aware that one of its most important duties is to consistently review the disbursement of public monies in support of zoological, cultural and botanical organizations.
- 11.2 ZAP volunteer Advisory Board members must abide by two significant statutes in Utah law which prohibit, or require disclosure of, certain actual or potential conflicts of interest between their public duties and private business interests. Advisory Board members shall complete all required County documentation on an annual basis.
- 11.3 Tier I and Tier II Advisory Boards should be mindful of possible conflicts of interest, or situations that may be perceived as conflicts by the public. Advisory board members with a conflict may not score nor vote on the application in which they have a conflict.
- 11.4 Serving on a ZAP applicant's board or committee, as a volunteer, is a conflict (even though the individual may not receive any monetary compensation). This conflict will not disqualify a person from serving on a ZAP Advisory Board.
- 11.5 Advisory Board members should be alert to avoid any action which could possibly be interpreted as a use of Advisory Board membership to further their own interests or those of an organization with which they are affiliated. Accordingly, Advisory Board members shall adhere to the standards of conduct for County officers, employees, and volunteers set forth in Salt Lake County Countywide Policy No. 1430 entitled "Professional Ethics and Conflict of Interest".
 - 11.5.1 Advisory Board members must disclose their affiliation with any organization under discussion. All board members must disclose affiliation and conflict of interest prior to discussion and funding recommendations and must utilize the grantor management system's disclosure option.
 - 11.5.2 Advisory Board members that do not have a conflict of interest may discuss, advocate for or against, and score each application using the current scoring criteria.
 - 11.5.3 Advisory Board members having a non-restricted conflict of interest may take part in the discussion as suppliers of information but may not advocate a point of view, may not score, and may not vote on the organization or issue in which they have a conflict. Those having a restricted conflict of interest may not take part in the discussion, advocate a point of view, score, or vote on the organization

or issue in which they have a conflict. *See* Salt Lake County Countywide Policy No. 1430, Professional Ethics and Conflict of Interest for the definition of “non-restricted” and “restricted” conflict of interest.

- 11.6 The grantor management system enables Advisory Board members to keep private draft notes regarding each application. These private notes are for the purposes of assisting a board member in the review process.
- 11.7 The grantor management system has a discussion tool to assist with the review process. This discussion tool is considered a public record. These comments should reflect a professional and respectful dialogue.

12.0 Credit to County

- 12.1 Each organization that receives ZAP funding is expected to use the Salt Lake County ZAP logo. Each organization must use their best efforts to ensure that brochures, programs, publications, electronic media bear the ZAP logo in order to identify the organization’s use of ZAP funding where projects, performances, or other activities are funded in full or in part by the County’s ZAP Program. To assist organizations with this request, the ZAP Program has created a logo usage and acknowledgement guide (available online).
- 12.2 The ZAP logo, whenever used, should be easily perceptible and produced in a manner that can be easily read.
- 12.3 Each organization that receives ZAP funding and that periodically offers a waived or discounted admission fee shall make such waived or discounted admission available to all residents of the state. Recipients of ZAP funding that provide waived or discounted admissions must publicly announce (in some manner) that this has been sponsored by the Salt Lake County Zoo, Arts and Parks Program (see logo/acknowledgement guide).

Salt Lake County Countywide Policy 1031

SALT LAKE COUNTY COUNTY-WIDE POLICY No. 1031 ON COUNTY OPTION FUNDING FOR ZOOLOGICAL, CULTURAL AND BOTANICAL ORGANIZATIONS KNOWN AS THE ZOO, ARTS & PARKS PROGRAM

Background:

In November 1996, Salt Lake County voters approved a 1/10th of 1% increase in the local sales and use tax as a means of enhancing funding for local zoological, cultural and botanical organizations and recreational facilities within Salt Lake County. Funds are to be distributed as consistent with Title 59, Chapter 12, Part 7, Utah Code Annotated (Utah Code Ann. §§ 59-12-701 *et seq.*) (the “Act”).

In 2004 this initiative was approved with 71% of the vote and in 2014 voters again overwhelmingly approved this initiative with 77% of the vote.

To carry out the provisions of the act, the County has enacted Chapter 3.07, Salt Lake County Code of Ordinances.

Program Purpose:

The Zoo, Arts and Parks (ZAP) program educates, supports and engages partner organizations to enhance the quality of life for Salt Lake County communities and visitors through artistic, cultural, botanical and recreational experiences. By imposing, collecting, and distributing a 1/10th of 1% county sales and use tax, the program provides adequate and predictable financial support to Zoological and Tier I organizations while enhancing financial support for Tier II programs and organizations. The Zoo, Arts and Parks program is committed to fair and equitable access to funding and educational resources. It will also work to increase the public awareness of the value of the ZAP Program.

1.0 Policy

Under the ZAP Program the County Council shall distribute the revenues collected annually as a result of the imposition of a sales and use tax designed to help defer costs for the County’s qualifying zoological, cultural and botanical organizations consistent with Utah Code Ann. §§ 59-12-701, *et seq.*, and Chapter 3.07, Salt Lake County Code of Ordinances.

This policy is not intended to apply to the recreational and parks portion of the ZAP sales and use tax.

The distribution of ZAP revenues, as outlined in the Act, are as follows:

1.5% may be used by the County for the administration of the program

Once administrative revenues are subtracted, the remaining ZAP revenues shall be distributed as follows:

16% to fund up to three qualified zoological facilities and organizations
45% to fund up to twenty-two (22) qualified Tier I organizations
9% to fund qualified Tier II organizations

30% to fund qualified recreational facilities and operations

Interest collected on the ZAP revenues will be distributed according to the same formula as specified above.

In the event of any sale, lease or other transaction with a board member, staff member, or affiliate of either, the costs and expenses incurred by the board member, staff member, or affiliate shall be fully disclosed. If a board member holds a staff position in the organization, the salary of that staff position is a qualifying expenditure. - 2.15 "Qualifying organization" means a "zoological organization," "botanical organization," "cultural organization," or "zoological facility" as those terms are defined in the Act

3.0 General Guidelines

- 3.1 Funding for this program comes from sales and use tax revenues that are collected by the State of Utah and distributed to Salt Lake County under the Act. To ensure more funds are not disbursed than received for the year, total actual fiscal year revenues cannot be disbursed until received by the County Treasurer, recorded by the County Auditor and reconciled by the County Mayor. At year-end, this process may require three to four months after the County’s fiscal year ends.
- 3.2 An applicant must be a qualifying organization to apply for and qualify for ZAP funding. A nonprofit applicant must be exempt from federal tax under Section 501(c)(3) of the Internal Revenue Code to qualify for ZAP funding.
- 3.3 An applicant that is applying for ZAP funding as an administrative unit shall submit adequate documentation to ZAP staff to verify that it meets the definition of an “administrative unit” under the Act. Specifically, an applicant applying as an administrative unit, must demonstrate, to the satisfaction of the applicable Advisory Board and a CPA hired by the ZAP Program, that: (1) it would, if it were a separate entity, be considered a botanical or cultural organization under the Act, and (2) it consistently maintains books and records separate from those of its parent organization.
- 3.4 All qualifying organizations may apply once per year. However, if an organization applies for Tier I funding in a given year and is not selected to receive Tier I funding, the organization may still apply for Tier II funding in that same year.
- 3.5 The ZAP Program encourages applicants to provide free tickets and/or invitations to the County, in accordance with established department guidelines, at least once per year so that members of the applicable Advisory Board and ZAP staff may evaluate the applicant and the merits of its programs and activities. Advisory Board members and ZAP staff are encouraged to attend free events whenever possible.
- 3.6 Tier II applicants applying for \$15,000 to \$29,999.99 in ZAP funding will be required to provide a certified review of operating expenses for the most recent completed fiscal year.
- 3.7 Tier II applicants applying for \$30,000 to \$59,999.99 in ZAP funding will be required to provide a certified audit of operating expenses for the most recent completed fiscal year.
- 3.8 Tier II applicants applying for \$60,000 or more in ZAP funding will be required to provide a certified audit of operating expenses for the three fiscal years prior to the application date.

- 3.9 Tier II local arts agency applicants that are agencies of a municipality may provide a copy of their municipal “comprehensive annual financial report” to satisfy the applicable certified review or certified audit requirement.

- 3.12 All applications, including any required supplemental material, must be submitted to the ZAP Program prior to the deadline. Late submissions will not be accepted or considered. Following submission of a completed application, ZAP staff may contact applicants to request clarification regarding any portion of the applicant’s application. An applicant must respond to the County’s request for clarification within 10 business days otherwise the applicant’s application may not be considered further.
- 3.13 Each funded organization must submit an annual evaluation report detailing how it expended the funds it received from the ZAP Program. The purpose of the evaluation report is to account for the funds distributed to each funded organization. The report must be submitted after the project’s completion and prior to future ZAP funding. ZAP funding may be withheld due to inadequate, incomplete, or non-submitted evaluation forms.
- 3.14 Salt Lake County agencies (departments, offices or divisions) are not eligible for ZAP arts and cultural funding. The ZAP Program encourages County agencies and other ineligible organizations to collaborate with ZAP funded organizations in supporting their mission.

- 4.6 Obtaining ZAP funding is a competitive process; generally not all applicants will receive funding. Applicants may appeal the Advisory Board's final recommendation in accordance with Section 8 and 9 of this Policy. However, dissatisfaction with the amount of a grant award is not a basis for appeal. Funding recommendations are based on many factors including but not limited to the availability of funds. Further, denial of ZAP Funds is not a sufficient reason for appeal.
- 4.7 Following submission of the Advisory Board's recommendation to the County Council, the County Council shall, as soon thereafter as is convenient, select and approve the organizations that will receive ZAP funding and the amount or percentage of ZAP funds to be distributed to each.

Applicants are encouraged to consult ZAP staff if they have questions about completing the application or the application procedure.

- 9.3 The recommendation of the Tier II Advisory Board is not subject to appeal or reconsideration by the Tier II Advisory Board.
- 9.4 Tier II organizations may appeal the Tier II Advisory Board recommendation to the County Council by submitting a written statement directly to the County Council no later than ten (10) business days after notification of the Tier II Advisory Board's decision. The written statement shall specify the grounds for appeal and be accompanied by evidence supporting the grounds for appeal.
- 9.5 The grounds for an appeal are limited to evidence of the following:
 - 9.5.1 A conflict of interest was not disclosed and it prejudiced the discussion of the organization's application;
 - 9.5.2 Misrepresentation of information by staff or board members despite the presence of correct information submitted as part of the original application. (*in this case, the appeal only has strength if material in the application file supports the organization's position*); or
 - 9.5.3 Violation of the ZAP policy and procedures, County ordinances, or State or Federal statutes.
- 9.6 The County Council will review and make a decision on all appeals filed. Appeals not supported by evidence or not based upon a proper ground for appeal will be summarily dismissed.
- 9.7 Appellants may not present to the County Council and the County Council may not consider information that was not previously submitted to the Tier II Advisory Board. However, an appellant may submit additional information and evidence to the County Council to establish the appellant's grounds for the appeal.

10.0 Distribution of Funds

- 10.1 Approved organizations will be required to enter into a grant agreement with Salt Lake County prior to receiving funds. Said agreements must be executed by the approved organization within a reasonable period of time as determined by the ZAP Program. If an organization fails to return the grant agreement, executed as required hereunder, within the time specified, the organization will not receive payments and may lose its qualification for funding during that application cycle. These grant agreements shall include a clause that allows the County to verify application and evaluation information and the use of ZAP funds, if requested.
- 10.2 Grant agreements may be executed through the online grantor management system.
- 10.3 No funding will be distributed until the applicable grant agreement is fully executed.

Salt Lake County Countywide Policy 1031

- 10.4 Funds under this program will be disbursed based upon the County's fiscal year. All ZAP funding will be based on actual sales and use tax receipts as received by the County Treasurer, recorded by the County Auditor, and reconciled by the County Mayor.
- 10.5 The County Council shall make the final determination as to the distribution of revenue among qualifying organizations in accordance with Utah Code Ann. §59-12-701, *et seq.*, Chapter 3.07, Salt Lake County Code of Ordinances, and these policies and procedures.
- 10.6 Funds disbursed to qualifying organizations will be accounted for in a Special Revenue Fund and disbursed through accounts within the County's ZAP Program.
- 10.7 Documented past due balances, over 60 days, owed to a County facility or agency may first be deducted before any distribution of ZAP funding is made to a qualifying organization.
- 10.8 If a Tier II organization requests funding for a specific program or general operations and the ZAP award is less than requested, the ZAP Program assumes that the organization will only need to make minor alterations to their programming to accommodate the amount awarded. If organizations find they must change their application scope more drastically (such as moving an event to a different time period than originally applied for) due to less funding or other challenges, the organization may be permitted to modify its application if it promptly informs the ZAP Program of its difficulties via written correspondence explaining how the organization proposes to deal with the challenges. The ZAP Program will review the request and notify the recipient in a timely manner.

11.0 Advisory Board

- 11.1 The Tier I and Tier II Advisory Boards are aware that one of its most important duties is to consistently review the disbursement of public monies in support of zoological, cultural and botanical organizations.
- 11.2 ZAP volunteer Advisory Board members must abide by two significant statutes in Utah law which prohibit, or require disclosure of, certain actual or potential conflicts of interest between their public duties and private business interests. Advisory Board members shall complete all required County documentation on an annual basis.
- 11.3 Tier I and Tier II Advisory Boards should be mindful of possible conflicts of interest, or situations that may be perceived as conflicts by the public. Advisory board members with a conflict may not score nor vote on the application in which they have a conflict.
- 11.4 Serving on a ZAP applicant's board or committee, as a volunteer, is a conflict (even though the individual may not receive any monetary compensation). This conflict will not disqualify a person from serving on a ZAP Advisory Board.
- 11.5 Advisory Board members should be alert to avoid any action which could possibly be interpreted as a use of Advisory Board membership to further their own interests or those of an organization with which they are affiliated. Accordingly, Advisory Board members shall adhere to the standards of conduct for County officers, employees, and

volunteers set forth in Salt Lake County Countywide Policy No. 1430 entitled “Professional Ethics and Conflict of Interest”.

11.5.1 Advisory Board members must disclose their affiliation with any organization under discussion. All board members must disclose affiliation and conflict of interest prior to discussion and funding recommendations and must utilize the grantor management system’s disclosure option.

11.5.2 Advisory Board members that do not have a conflict of interest may discuss, advocate for or against, and score each application using the current scoring criteria.

11.5.3 Advisory Board members having a non-restricted conflict of interest may take part in the discussion as suppliers of information but may not advocate a point of view, may not score, and may not vote on the organization or issue in which they have a conflict. Those having a restricted conflict of interest may not take part in the discussion, advocate a point of view, score, or vote on the organization or issue in which they have a conflict. *See* Salt Lake County Countywide Policy No. 1430, Professional Ethics and Conflict of Interest for the definition of “non-restricted” and “restricted” conflict of interest.

11.6 The grantor management system enables Advisory Board members to keep private draft notes regarding each application. These private notes are for the purposes of assisting a board member in the review process.

11.7 The grantor management system has a discussion tool to assist with the review process. This discussion tool is considered a public record. These comments should reflect a professional and respectful dialogue.

12.0 Credit to County

12.1 Each organization that receives ZAP funding is expected to use the Salt Lake County ZAP logo. Each organization must use their best efforts to ensure that brochures, programs, publications, electronic media bear the ZAP logo in order to identify the organization’s use of ZAP funding where projects, performances, or other activities are funded in full or in part by the County’s ZAP Program. To assist organizations with this request, the ZAP Program has created a logo usage and acknowledgement guide (available online).

12.2 The ZAP logo, whenever used, should be easily perceptible and produced in a manner that can be easily read.

12.3 Each organization that receives ZAP funding and that periodically offers a waived or discounted admission fee shall make such waived or discounted admission available to all residents of the state. Recipients of ZAP funding that provide waived or discounted admissions must publicly announce (in some manner) that this has been sponsored by the Salt Lake County Zoo, Arts and Parks Program (see logo/acknowledgement guide).
