Dear Applicant:

Based on information you supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably expect to be a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, during an advance ruling period you will be treated as a publicly supported organization, and not as a private foundation. This advance ruling period begins and ends on the dates shown above.

Within 90 days after the end of your advance ruling period, you must send us the information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, we will classify you as a section 509(a)(1) or 509(a)(2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, we will classify you as a private foundation for future periods. Also, if we classify you as a private foundation, we will treat you as a private foundation from your beginning date for purposes of section 507(d) and 4940.

Grantors and contributors may rely on our determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you send us the required information within the 90 days, grantors and contributors may continue to rely on the advance determination until we make a final determination of your foundation status.

UTAH COALITION OF LA RAZA

If we publish a notice in the Internal Revenue Bulletin stating that we will no longer treat you as a publicly supported organization, grantors and contributors may not rely on this determination after the date we publish the notice. In addition, if you lose your status as a publicly supported organization, and a grantor or contributor was responsible for, or was aware of, the act or failure to act, that resulted in your loss of such status, that person may not rely on this determination from the date of the act or failure to act. Also, if a grantor or contributor learned that we had given notice that you would be removed from classification as a publicly supported organization, then that person may not rely on this determination as of the date he or she acquired such knowledge.

If you change your sources of support, your purposes, character, or method of operation, please let us know so we can consider the effect of the change on your exempt status and foundation status. If you amend your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, let us know all changes in your name or address.

As of January 1, 1984, you are liable for social securities taxes under the Federal Insurance Contributions Act on amounts of \$100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the private foundation excise taxes under Chapter 42 of the Internal Revenue Code. However, you are not automatically exempt from other federal excise taxes. If you have any questions about excise, employment, or other federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Internal Revenue Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Donors may deduct contributions to you only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fundraising events may not necessarily qualify as deductible contributions, depending on the circumstances. Revenue Ruling 67-246, published in Cumulative Bulletin 1967-2, on page 104, gives guidelines regarding when taxpayers may deduct payments for admission to, or other participation in, fundraising activities for charity.

You are not required to file Form 990, Return of Organization Exempt From Income Tax, if your gross receipts each year are normally \$25,000 or less. If you receive a Form 990 package in the mail, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally \$25,000 or less, and sign the return.

If you are required to file a return you must file it by the 15th day of

UTAH COALITION OF LA RAZA

the fifth month after the end of your annual accounting period. We charge a penalty of \$10 a day when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty we charge cannot exceed \$5,000 or 5 percent of your gross receipts for the year, whichever is less. We may also charge this penalty if a return is not complete. So, please be sure your return is complete before you file it.

You are not required to file federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

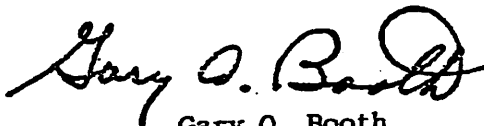

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, we will assign a number to you and advise you of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

If we said in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help us resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Gary O. Booth
District Director

Objectives of the League of Women Voters of Salt Lake

Objectives relating to government:

- To study issues at the state level in a thorough and objective manner.
- To reach positions by means of membership consensus or concurrence on issues studied.
- To take action to bring about changes consistent with League positions.

Objectives relating to the public:

- To educate the public about the electoral process.
- To provide nonpartisan information about candidates seeking state office.
- To provide objective information to the public about state League issues.

Objectives relating to membership:

- To provide an environment for members to become politically knowledgeable through research and discussion.
- To encourage members to become more active in the political process; to provide experiences for members to gain skills in creative problem solving, critical thinking, and leadership.

Our Principles

The League of Women Voters believes in representative government and in the individual liberties established in the Constitution of the United States.

The League of Women Voters believes that democratic government depends upon the informed and active participation of its citizens and requires that governmental bodies protect the citizen's right to know by giving adequate notice of proposed actions, holding open meetings and making public records accessible.

The League of Women Voters believes that every citizen should be protected in the right to vote; that every person should have access to free public education that provides equal opportunity for all; and that no person or group should suffer legal, economic or administrative discrimination.

The League of Women Voters believes that efficient and economical government requires competent personnel, the clear assignment of responsibility, adequate financing and coordination among the different agencies and levels of government.

The League of Women Voters believes that responsible government should be responsive to the will of the people; that government should maintain an equitable and flexible system of taxation, promote the conservation and development of natural resources in the public interest, share in the solution of economic and social problems that affect the general welfare, promote a sound economy and adopt domestic policies that facilitate the solution of international problems.

The League of Women Voters believes that cooperation with other nations is essential in the search for solutions to world problems, and that the development of international organization and international law is imperative in the promotion of world peace.

The League may take action on the basis of these principles!

How The League Works

The League of Women Voters is organized at three levels – local, state, and national. In Utah, there are about 300 members in six local Leagues (Cache, Davis, Grand, Salt Lake, and Weber counties, Cedar City) under the umbrella of the League of Women Voters of Utah.

League Scope

The League is grassroots and broad-based. We study the issues our members think are important in five broad areas:

- Effective government structure and operation
- Excellence in public education
- Equitable social policy
- Good management of natural resources
- Peaceful international relations

Volunteer Activities

Our members volunteer for three kinds of service – Voter Service, League Studies and League Action.

Voter Service

The League is best known for Voter Service. League volunteers work with the community and media to:

- Urge every citizen to register and vote
- Register hundreds of voters
- Publish Voter Guides and maintain websites on candidate positions and issues
- Provide a year-round government information hot line

Both the Utah League and local Leagues sponsor public debates between candidates for the U. S. Congress, Governor of Utah, county commissions, city councils and mayors. The League also sponsors forums and workshops, often in cooperation with the media, on issues such as campaign reform, health care, wetlands and agricultural lands protection, citizen lobbying, running for office, transportation options, and impacts of growth.

League Studies

The League believes voters should be informed about public issues. Our non-partisan studies are widely distributed to members, the media, government agencies and the public.

Because of our reputation for well-researched, impartial reports, League studies of issues such as affordable housing, Utah's tax structure, minimum impacts in southern Utah and Utah corrections policy are supported by tax deductible contributions to the League of Women Voters Education Fund from businesses, unions, foundations, trusts and individuals throughout Utah. The League is studying and acting in the areas of immigration issues, population growth impacts, energy policy, transportation planning, election laws, corrections policy, water resources, forms of local government, public education and tax equity.

League Consensus and Action

League members read and discuss our studies, then come to consensus on what government action we should encourage. We monitor government operations and lobby for legislation year round. Because our agenda includes a broad spectrum of issues, we often collaborate with other groups to promote action on priority issues:

- Campaign finance reform, lobbyist disclosure, and open government
- An equitable tax structure
- Adequate funding for health care and human services
- Protection of the environment and public health
- Protection of citizen rights
- Easier voter registration, higher voter turnout and more participation in government

THE U.S. LEAGUE POSITION ON GUN CONTROL

Following the Parkland, Florida shootings, we would like to remind you of our national position on gun control.

The League of Women Voters of the United States has a long-standing position, reached by consensus of our members, in support of gun control.

Throughout the country, local and state Leagues have been holding meetings with their fellow citizens to discuss the crisis of gun violence. They have testified before state legislatures and met with their neighbors in community meetings to come together, air their differences and work together to find common ground and solve some of the difficult problems presented in the gun debate, including mental health issues and the problem of domestic violence.

This issue is too important to be ignored any longer. Congress should start to act on common sense solutions to curb gun violence.

THE HOUSING AFFORDABILITY CRISIS: A PANEL DISCUSSION

Join us on February 27 from 6-8pm

Girl Scouts of Utah 445 E 4500 S #125, Murray, UT 84107

Please join us, as we answer questions such as:

- WHO needs affordable housing?
- WHAT is affordable housing?
- WHEN does someone need that housing?
- WHERE is this an SLC problem, or a state problem, or perhaps even a national problem?
- WHY is it so hard to provide affordable housing?

Panelists will include:

- Michael Akerlow - CEO, Community Development Corporation of Utah (moderator)
- Melissa Jensen - Director, Housing and Neighborhood Development, Salt Lake City Corporation
- Nick Norris - Director of Planning, Salt Lake City Corporation
- Chris Parker - Managing Member, Giv Development and Executive Director, Giv Communities

WHAT DOES MEDICAID EXPANSION MEAN?

This month our Unit Discussion Meetings are focused on Medicaid.

Come join us to learn about the very important issue of Medicaid Expansion, how much it will cost and what opting out of it could mean for the state. This is where you will gain an understanding of the healthcare issues facing us all, and gain the confidence to speak to your representatives.

Unit discussions are where League action starts and are the foundation of the League of Women Voters. These small-group meetings are open to the public (please RSVP to the leader) and are set at various times of the day, in various locations in the valley, and on different days of the week.

VOLUNTEER OPPORTUNITIES

VOTE 18 DEMOCRACY CLASS

This spring League volunteers will go into high school government classrooms in Salt Lake County to present a 50-minute interactive experience to students on how to vote, why they should vote and register to vote. The aim of Vote 18 is to inspire, motivate and engage young people to vote when they turn 18-years-old and to develop a lifelong voting habit. Primarily taught to high school and college students, it can be shared with groups of all kinds. We have taught this course to Brownie troops, convicted felons, and everyone in between.

Our mission in teaching the class is to:

- Educate our community about their voting rights
- Register them to vote
- Provide them with information about important issues that effect them on a local, state, and federal level
- To do all of the above on a non-partisan basis

If you love working with young people and want to engage them in the democratic process, come and join us. We have classes scheduled at West High School on Monday, February 26th at 9:15 am and Thursday, March 1st at 9:15 am. We could use teacher leaders, assistants and observers for both classes. We have six more class requests and we are in the process of confirming dates.

We would also like to receive contacts that League members might have of schools or other organizations who might be interested in receiving our Vote 18 Democracy Class training.

Please contact Jan Brock jan.brock@comcast.net

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably be expected to be a publicly supported organization described in section 509(a)(2).

If you submit the required information within the 90 days, grantors and donors may continue to rely on the advance determination until the Service makes a final determination of your foundation status. However, if notice that you will no longer be treated as a section 509(a)(2) organization is published in the Internal Revenue Bulletin, grantors and donors may not rely on this determination after the date of such publication. Also, a grantor or donor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 509(a)(2) status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section 509(a)(2) organization.
