Ms. Erin Mendenhall, Salt Lake City Council Member, spoke under "Citizen Public Input" in opposition to S.B. 234. This bill would automatically divert funds from almost 20,000

DATE TUESDAY MARCH 13, 2018

acres within Salt Lake City for commercial development. For the Salt Lake School District, that means the potential of \$560 million for 25 years, as well as \$360 million for Salt Lake City, and \$220 million for Salt Lake County. There is no public process over this money; there is no accountability. In fact, the majority of this board is unelected. The Salt Lake County Council would have zero input over the board appointments to the Port Authority Board. Salt Lake City would still have to provide services to this growing area with none of the increment from growth, which means the burden will be put on the remaining residents of the city. There are also a host of legal concerns, which attorneys across the state have noted, both in terms of how the bill conflicts with state land use law and with the core value of the Utah Constitution of taxation without representation. Economic development needs to be a more thoughtful analysis, and it needs more consensus. She asked the County to join Salt Lake City, the Salt Lake City School District, the Utah League of Cities and Towns, and many others in asking the Governor to veto S.B. 234 and work on compromised legislation that respects accountability in government and is a win win rather than a win lose.

Council Member Burdick stated Council Member Bradshaw drafted a letter to get something done.

Ms. Mendhall asked that Council Members join the others right away in asking the Governor to veto this bill. The Governor is looking at the bill quickly, so time is of the essence.

Council Member Snelgrove asked when the City became aware that this bill had passed.

Ms. Mendenhall stated she saw the bill within about 90 seconds of it being on the House floor. The City was not invited to see nor saw this fourth substitute that passed. It had been working with the House and Senate in the weeks leading up to that, but then the House discontinued contact with the City two weeks before the bill passed. The City was still working with Sen. Jerry Stevenson up until a few hours before it passed.

Council Member Snelgrove asked if the City's economic development division was considering the concept of Inland Port Authority, and if so, for how long.

Ms. Mendenhall stated the City has been considering that for 19 months. Its redevelopment and economic development department in partnership with the private property owners in the area passed a master plan. It made rezone changes in accordance with that master plan, and has development agreements over the majority of the private property north of I-80.

Council Member Snelgrove asked if the concept of the master plan followed the same footprint as was adopted in the legislation.

DATE TUESDAY MARCH 13, 2018

Ms. Mendenhall stated no; the land north of I-80 is within the City's master plan footprint, but the bill incorporates all of the environmentally sensitive area. It involves the majority of the area south of I-80 and the western boundaries of the city to about California Avenue.

Council Member Snelgrove asked if it included the airport.

Ms. Mendenhall stated it does not include any of the airport; it actually wraps around the airport and includes a strip of land on the east side of it. It cuts out the international center and includes basically everything else west of the airport.

Council Member Wilson asked if there had been any communication or explanation for this. She would oppose any movement to the land grab aspect of it anyway, and also could not wrap her head around the taxation element – taking 100 percent of the increment, while expecting the City to service the area, build roads, and pay fire protection and law enforcement with zero capacity.

Ms. Mendenhall stated the Legislature did not share any of this with the City, and in fact, the House representative that drafted this did not return emails or texts. The City has no explanation for this. It is unprecedented. Any city with economic development potential is threatened by this bill.

Council Member Wilson asked the County Council Members to give full consideration to signing the letter. Areas like Midvale, Kearns, Taylorsville, already have a challenge to serve their population and need a helping hand. This would further dilute the bottom line of their general fund.

Council Member Newton stated the government closest to the people governs best, and that is the municipalities. Stripping land from them is wrong. She also had an issue with the lack of transparency. Government needs to be fully transparent and the people making decisions should be held accountable. She will be supporting the letter.

Mayor Ben McAdams submitted a letter requesting the Council's advice and consent to the appointment of **James Ashworth** as a member of the Behavioral Health Services Advisory Council to serve a two-year term. His term will begin March 13, 2018, and end March 12, 2020.

Mr. Jason Vernon, Regional Supervisor, Central Region, Utah Division of Wildlife Resources, read the following letter and presented the Utah Division of Wildlife Resources' 2017 contractual in lieu of tax payment in the amount of \$811.31:

Dear Council Members:

Enclosed is a check for the year 2017 contractual in lieu of tax payment on land the Division of Wildlife Resources owns in Salt Lake County. The money used to pay the in lieu of tax is provided by hunters and anglers in the county across the state. These lands are important to wildlife and to the many hunters and anglers in Salt Lake County.

I appreciate the commissions' support and partnering in managing Utah's wildlife.

Please contact me if we can be of any further assistant.

DATE <u>TUESDAY</u> <u>MARCH</u> 13, 2018

Sincerely,

Michael Fowlks.

He stated the lands that fall within the County are called wildlife management areas or WMAs. They have been specifically purchased and set aside for food, space, and open space for wildlife. They also provide open space for walking, hunting, and other outside sports.

Mr. Riley Peck, Wildlife Manager, Central Region, Utah Division of Wildlife Resources, stated there are a lot of wildlife enthusiasts, i.e. wildlife watchers, hunters, and anglers throughout the County. Since Salt Lake County is a major urban wildlife interface, that brings up a lot of different challenges, most notably, as of late, deer. While they are not a problem for some people who appreciate their beauty and intrinsic value, they are a big problem for others, as they get into their yards and eat their gardens. Wildlife Resources has created the Urban Deer Program, which locates the deer, and if, necessary euthanizes them. If they are euthanized, they will be harvested and donated for food. A lot of cities within the County are taking advantage of that program to try to address some of their issues.

Council Member Snelgrove asked who had custody of the deer that were urbanized. There was a herd of them at Mount Olivet Cemetery by Rice Eccles stadium.

Mr. Peck stated wildlife is owned by all of the residents of the state of Utah, and Wildlife Resources has been given management authority over the wildlife. The deer at the city cemetery have not been problematic enough to take action on them.

Mr. Stuart Clason, Director, Redevelopment Agency of South Salt Lake City, submitted a letter recommending approval of the following RESOLUTION authorizing execution of an INTERLOCAL AGREEMENT between Salt Lake County for its Economic Development Division and the **Redevelopment Agency of South Salt Lake City** — Contribution of Tax Increment for the Streetcar Community Development Project Area. Salt Lake County will contribute 100 percent of its tax increment generated in the project area for the Streetcar Community Development Project Area. Then, the RDA will transfer forty percent of any County increment back to the County annually for an annual mitigation payment. The total amount of County tax increment may not exceed \$400,548 for the Countywide Tax Levy and \$107,950 for the Library Tax Levy. The agreement will become effective immediately upon completion of the approval of the governing bodies of each of the parties.

RESOLUTION NO. 5330

A RESOLUTION OF THE COUNTY COUNCIL OF SALT LAKE COUNTY APPROVING AND AUTHORIZING EXECUTION OF AN INTERLOCAL COOPERATION AGREEMENT BETWEEN SALT LAKE COUNTY AND REDEVELOPMENT AGENCY OF SOUTH SALT LAKE FOR A CONTRIBUTION OF TAX INCREMENT WITH RESPECT TO THE STREETCAR COMMUNITY DEVELOPMENT PROJECT AREA

DATE: MARCH 13, 2018

RECITALS

A. Salt Lake County (the "County") and the Redevelopment Agency of South Salt Lake (the "Agency") are "public agencies" as defined by the Utah Interlocal Cooperation Act, Utah Code Ann. §§ 11-13-101 *et seq.* (the "Interlocal Act"), and, as such, are authorized by the Interlocal Act to enter into this Agreement to act jointly and cooperatively in a manner that will enable them to make the most efficient use of their resources and powers. Additionally, Section 11-13-215 of the Interlocal Act also authorizes a taxing entity to share its tax and other revenues with other public agencies.

DATE <u>TUESDAY</u> <u>MARCH</u> 13, 2018

- B. The County is a county existing pursuant to Article XI, Section 1 of the Utah Constitution. The Agency is a community reinvestment agency (formerly known as, among other things, a redevelopment agency) created and existing under the Limited Purpose Local Government Entities Community Reinvestment Agency Act, Utah Code Ann. §§ 17C-1-101 et seq., (the "Act") or under previous law. The Agency is authorized under the Act to conduct urban renewal, economic development, community development, and community reinvestment activities within City of South Salt Lake, Utah.
- C. The governing body of the Agency has created the Streetcar Community Development Project Area (the "<u>Project Area</u>"). The Agency has adopted a community development project area plan for the Project Area (the "<u>Project Area Plan</u>") pursuant to which the Agency plans to encourage and promote development in the Project Area and in the surrounding community.
- D. The Act authorizes funding of community development project areas and plans—such as the Project Area and the Project Area Plan—with property tax increment pursuant to interlocal cooperation agreements with various taxing entities that levy property taxes in a project area. Specifically, Section 17C-4-201 of the Act authorizes a taxing entity to "consent to the agency receiving the taxing entity's tax increment ... for the purpose of providing money to carry out a proposed or adopted community development project area plan."
- E. Salt Lake County ("<u>County</u>"), as a taxing entity, now desires to consent to the Agency receiving certain tax increment attributable to the County's tax levies in accordance with the terms and subject to the conditions of the interlocal cooperation agreement attached hereto as ATTACHMENT A (the "<u>Interlocal Agreement</u>") for the purpose of providing funds to the Agency to carry out the Project Area Plan for the Project Area.

RESOLUTION

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the County Council of Salt Lake County:

- 1. That the Interlocal Agreement between Salt Lake County and Redevelopment Agency of South Salt Lake is approved, in substantially the form attached hereto as ATTACHMENT A, and that the Salt Lake County Mayor is authorized to execute the same; and
- 2. That the Interlocal Agreement will become effective as stated in the Interlocal Agreement.

APPROVED and ADOPTED in Salt Lake City, Salt Lake County, Utah, this 13th day of March, 2018.
