

Event Title:

A Ukraine Benefit Concert of Kalyna: The Musical

Date:

April 23rd; Reception & Art Auction @ 5:30pm, Performance @ 7pm

Description:

AMAR presents a concert-style performance of Kalyna: The Musical as a fundraising effort for Ukrainian refugees in Romania, and additional medical supplies being taken into Ukraine. The show (which began developing over four years ago) is set against a harrowing backdrop— spanning over 50 years of Ukrainian history— and follows a father and daughter as they grapple with loss, love, freedom and oppression. Revolving around deep-rooted symbolism, the daughter, Kalyna, becomes a representation of a Nation tormented by totalitarian forces but unwilling to surrender hope. Including performances by Allison DeBona, first soloist from Ballet West; The BYU International Folk Dance Ensemble; The Weber State Alumni Choir; and various professional artists and actors from across the state.
