MARIA E. CHUMBITA-GARCIA, P.E.

PROFESSIONAL EXPERIENCE

COREBRACE LLC - West Jordan, UT

Chief Engineer-Director of Sales, LATAM 2016 to date

- Manages the Engineering Department for the manufacturing of specialty structural elements known as Buckling-Restrained Braces (BRBs) and their connections.
- Oversees all contractual work to meet projects budget and schedule, and to provide a constant flow of input for fabrication.
- Member of the executive team that evaluates and makes strategic decisions on new research, development and overall business direction.
- Reviews engineering design to ensure technical adequacy and compliance with contract documents and internal standards before submitting to external design teams and authorizing jurisdictions.
- Assigns and distributes workload, making critical project decisions and providing guidance and assistance during the development of work.
- Coordinates paid time off and vacation requests. Approves travel requisitions and expense reports. Conducts performance reviews and prepares subsequent salary and/or benefits adjustment recommendations.
- Recruits, interviews and selects future members of the staff together with the executives in charge of the other departments. Assists in the orientation, mentoring and training of new and current employees.
- Performs International and Domestic Business Development. Directs and coordinates activities with business partners in Latin America to implement use of BRBs in local construction. Participates in trade missions. Attends/presents at international events. Meets with potential clients. Reviews representatives' budgets.

COREBRACE LLC - West Jordan, UT

Senior Engineer 2011 – 2016

Project Development Engineer 2011 – 2013

- Design and R&D for Buckling-Restrained Braces (BRBs) and their connections. Collaborated in setting up full-scale testing of specimens. Developed software input for non-linear modeling of BRBs based on test results.
- Project management. Provided design assist and coordinated with EORs, steel fabricators, detailers and erectors during all stages of projects.
- Bidding and estimating. Analyzed project bidding documents, conducted preliminary designs, prepared pricing and submitted proposals.

- Sales and Marketing. Visited engineering offices for technical presentations. Arranged company's participation in events and advertising. Attended trade-shows, seminars and conferences. Generated marketing material, ads, technical literature, cost studies and design guides/examples of structures with BRBs for national publications.

CATENA CONSULTING ENGINEERS - Portland, OR

Design Engineer 2009 – 2011

- Analyzed, evaluated and designed structures, components and foundations for multiple purposes including healthcare and educational facilities, arenas and parking garages.
- Created structural models, coordinated generation of contract documents and addressed plan check review comments.
- Served in construction administration roles in close collaboration with architects, fabricators and contractors in the jobsite.
