In response to the question: What is the purpose of the money you are requesting?

The training which the funds are being requested is a class called Women in Command. This course which is taught nationwide is being brought to Utah for the first time as a course co-sponsored by Utah Women in Law Enforcement and the Salt Lake County District Attorney's office. The course is a 2 days course designed to help prepare and teach female law enforcement officers how work towards promotion within their respective department as well as how to be a command supervisor once in a position of leadership.

This course will greatly benefit the health, safety and well-being of the residents of Salt Lake County by creating an opportunity for leadership for women in law enforcement. This will allow for the county to have a more diversified group of leaders who will make the policies and procedures that affect the daily lives of the citizens they serve. The well-being of the citizens will increase as a different perspective and approach can be brought by women leaders specifically when addressing the increase of mental health issues within the county.

The safety of the citizens will increase as you bring this course to the Utah Women in Law Enforcement because they will be able to take the skills and the knowledge they gain from the course and share it will all their counterparts creating an environment where officers will want to work closely with citizens to bring changes to police work.

It is our belief that Salt Lake County Residents will not only benefit from bringing such a unique course to the female law enforcement officer but law enforcement will benefit state wide. This will only increase the forward thinking culture of police work and the benefits of involving leadership decisions by both well trained men and women of law enforcement.
