I prefer that my personal contact information remain private and protected Yes ☐ No ☒

Unique qualifications and/or perspectives you would bring to a Board or Commission: I have worked in local government for the past 27 years. First as a management analyst for Provo City Power; then as a treasurer for Brigham City before being appointed City Administrator. Thirteen years ago my family moved to Herriman and I began working for South Jordan City as their Parks and Recreation Director. During my first years in South Jordan we created the City's first Parks and Recreation Master Plan as well as an Arts Master Plan. Both projects provided opportunities for me to work with residents and community leaders both in South Jordan as well as Salt Lake County. I am familiar with the ZAP program and have been advocate for the programs and projects it has funded over the years and advocated for its most recent reauthorization. When TRAX and Frontrunner were extended to South Jordan I worked with UTA Arts in Transit program to establish and commission art pieces at the 3 stations in South Jordan. I have had the privilege to support the variety of community art programs/projects in South Jordan and work closely with our local community arts council and individual/group artist(s). I support the arts both professionally and personally and greatly appreciate the variety of projects and programs offered throughout the State, County and local communities.
