Qualifications

Answering these questions is required. Please note some board coordinators may also request a resume as part of the review process.

Why do you want to serve on this board?

Brownfield redevelopment offers far greater benefits than greenfield development within communities, including blight mitigation, local environmental clean up and converting underutilized sites into beneficial reuses. Most developers are daunted by this type of development but with support of the County's efforts the public will benefit.

What education, work experience, or volunteer experience do you have that applies to this board?

Master degree in City & Metropolitan Planning, 13+ years as a land use consultant in the private sector and more than 12 additional years in the field of finance and historic property redevelopment.

What unique perspectives could you bring to the board?

I have a keen understanding of the need for partnerships between the private and public sector in this area; having worked for both private and public sector clients. I have direct knowledge of financing difficulties as well as the practical and political challenges to accomplishing brownfield redevelopment projects.
