

Salt Lake County COVID-19 Response and Recovery

Report to County Council

June 16, 2020

David Schuld
Special Assistant to the Mayor on COVID-19 Response and Recovery

100 Days in Review

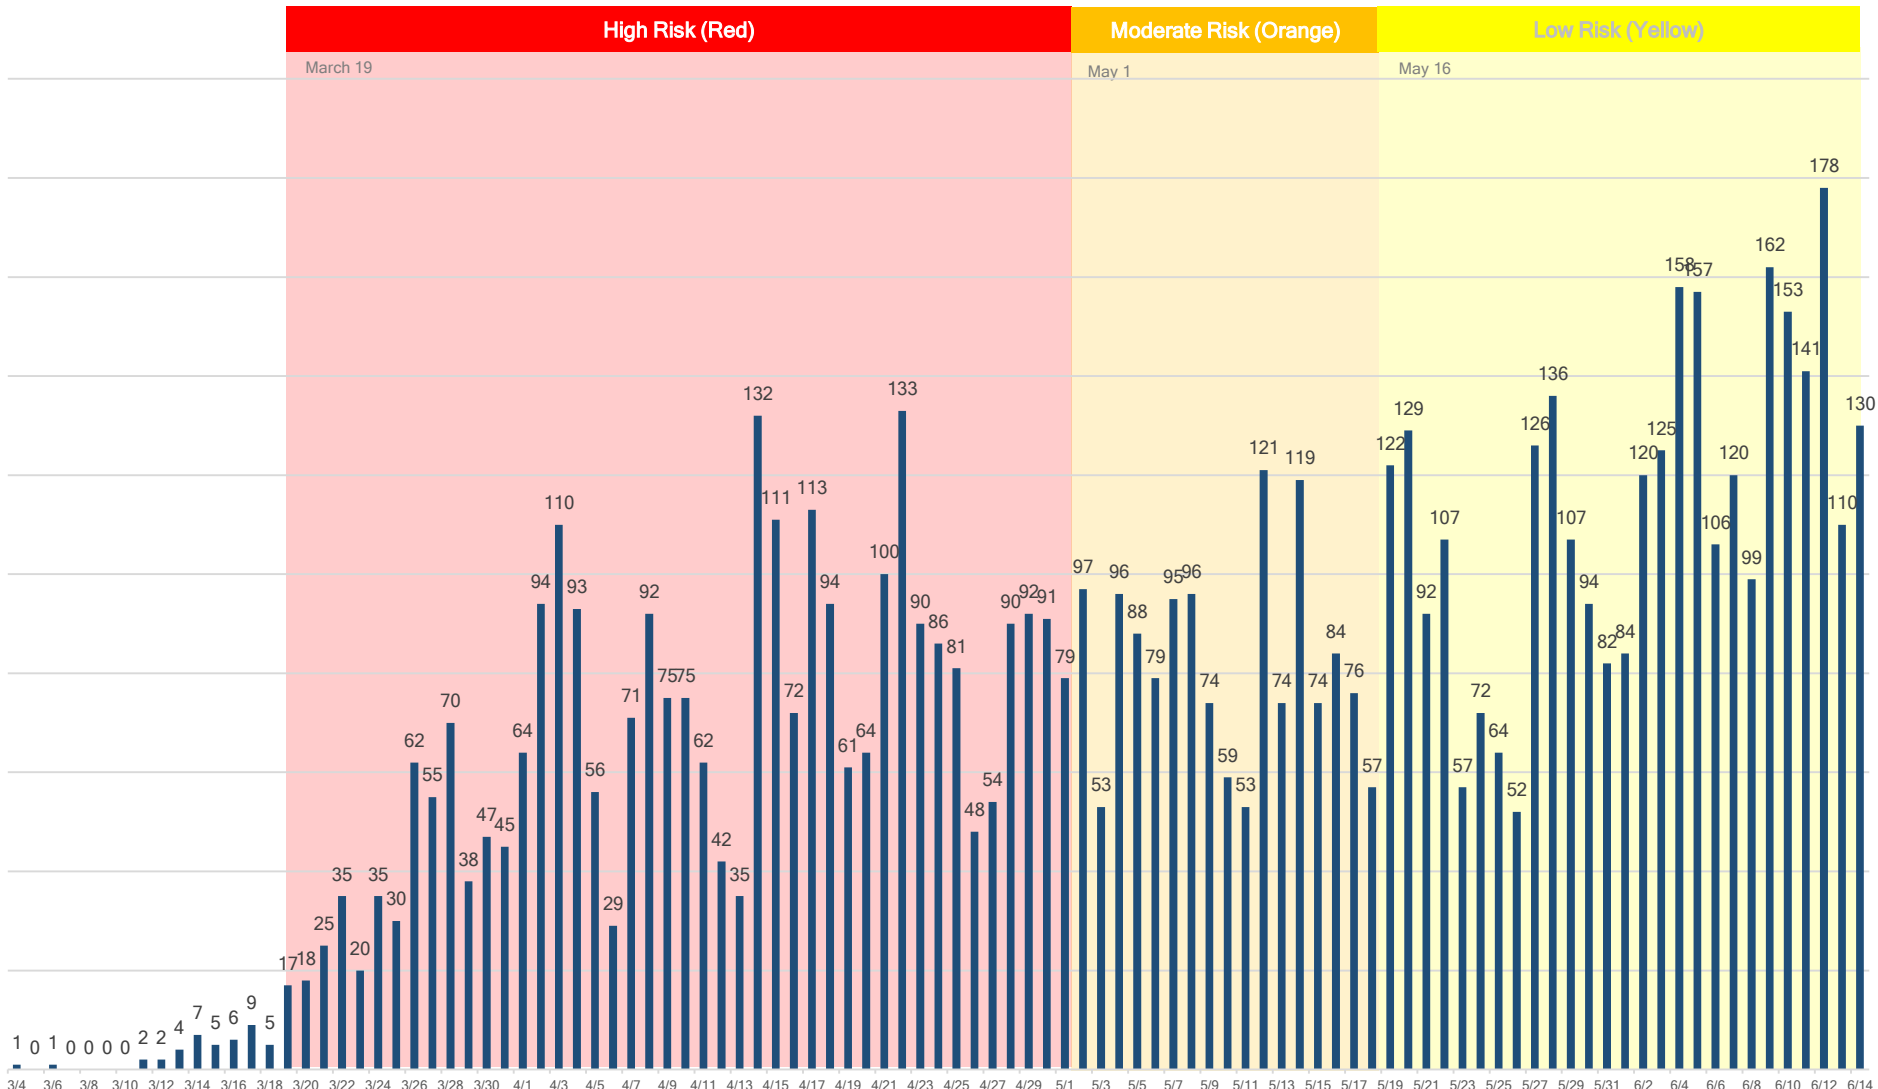

- The efforts of Salt Lake County have:
 - Saved the hospital system from collapse
 - Stopped the virus from exponential spread
 - Saved lives
- Our response operations included:
 - Supporting our high-risk, vulnerable, diverse, and underserved communities
 - Supplying and distributing hundreds of thousands of resources across Salt Lake County
 - Maintaining an understanding of the virus and deploying targeted interventions
 - Re-activating our local economies

The Challenge Accepted

- There is a need for **steadfast vigilance** in maintaining pressure against the virus.
- There is a need to **support our communities and stakeholders** through an unprecedented type of recovery.
- **Our work is not over. We are all in this together.**

 - Thank you for all the support in operations to date!
 - Be aware that there will be additional requests through the sustained response
- **Continue to champion COVID-19 prevention and action protocols.**

WE MUST REMAIN VIGILANT

**Your Immune System is Still the Same
As When COVID-19 Began.**

There is No Treatment.

There is No Vaccine.

THE FIGHT IS NOT OVER
YOU MUST DO YOUR PART

Practice Social Distancing.

**Wear a Face Covering When Social
Distancing is Difficult.**

Practice Health Etiquette.
