It also clarifies some language that was not in the original agreement, cleaning up some terms and making it clear what numbers will be used for this project area. It does not change the terms of the County's participation, the participation percentage, nor the financial agreements.

Mr. Mitchell Park, Legal Counsel, Council Office, stated the Economic

Development Division is seeking the Council's direction that this approach is acceptable; the Council will not be approving the resolution until after the public hearing. Major Brent R. Taylor Battalion - United States Naval Sea Cadets Corp opened the celebration of American and Founders and Constitution Month presenting the colors and leading the Pledge of Allegiance to the Flag of the United States of America.

Ms. Ella Dickson sang the National Anthem.

Mr. Carlos Moreno gave an inspirational thought and invocation.

Council Member Alvord read the following proclamation declaring the month of September as American Founders and Constitution Month.

Proclamation by The Salt Lake County Council to recognize September as American Founders and Constitution Month

Whereas, the Utah State Legislature passed HB 179, which declares that the month of September shall be commemorated annually as American Founders and Constitution Month; and

Whereas, HB179 encourages “all civic, fraternal, and religious organizations, and public and private institutions, to recognize and observe this occasion through appropriate programs, teaching, meetings, services, or celebrations in which state, county, and local governmental officials are invited to participate;” and

Whereas, by joint resolution approved December 8, 2004 (36 U.S.C. 106), the Congress of the United States has designated the 17th day of September of each year as Constitution Day and Citizenship Day in commemoration of the signing on September 17, 1787, of the Constitution of the United States and in recognition of all who, by coming of age or by naturalization, enjoy the privileges and assume the responsibilities of citizenship; and

Whereas, America is founded on moral principles, including the sovereignty of the people and the belief that all people are created equal and have unalienable rights bestowed upon them by their Creator; and

Whereas, the American Constitution, which guarantees priceless freedoms to us as citizens of the United States and to our posterity, and sets forth a concept of liberty that has contributed to the advancement of human rights globally; and

Whereas, it is essential that the rising generation, citizens of all ages, and candidates for citizenship, understand our history and form of government so it can be honored and perpetuated; and

Whereas, we laud the desire of anyone to fulfill the dream of becoming a citizen of the United States of America and welcome all who naturalize into our community to join us in writing the next great chapter of the American story; and

Whereas, we acknowledge and express gratitude to God and the Founding Fathers of this nation for establishing the Constitution and all liberties and freedoms derived therefrom

Now, therefore, we, the Salt Lake County Council and Mayor Jenny Wilson, do hereby recognize and celebrate the month of September, 2023, as American Founders and Constitution Month.

A motion was made by Council Member Alvord, seconded by Council Member Harrison, to adopt the proclamation. The motion carried by a unanimous vote.

Mayor Jennifer Wilson announced that Welcoming Week, a nationwide celebration of new immigrants and refugees to the country, will be held September 8-17, 2023, and it will begin with the swearing in of 75-100 new citizens on September 8th. That celebration culminates with Constitution Day and Citizenship Day on September 17, 2023. This is

appropriate as it prompts people to reflect on the promise of America to all who seek it. She also recognized Joseph Genda, New American Refugee Liaison, and relayed his journey to come to America to find liberty.

Congressman Burgess Owens read about the Preamble of the Constitution of the United States, and reflected on this Country's great foundation; the founders' wisdom and foresight encapsulated in the Constitution; the governance of the Constitution, which remains a guiding light for generations to come; the founders' vision of America as a land of freedom and liberty; and the need to strive to be a more perfect union, and honor the founders by accomplishing the goals and values they set out and preserving those liberties they fought so hard to secure.

Congressman Chris Stewart delivered an inspirational speech acknowledging Mr. Moreno and other immigrants' sacrifices to come to America, and the profound opportunity he had to witness the swearing in of 30-40 new Americans and see from their faces what it meant to them. He shared the results of a poll demonstrating 40 percent of young Americans ages 14-24 were not proud of anything in this nation's history, stating the reasons for that sentiment need to be corrected and celebrations like this were a reminder of that. He also relayed Nathan Hale's experience as an American Patriot and spy for the United States at the age of 21, and his demise when caught, explaining that the familiar phrase Nathan Hale said when marching to the gallows "I regret that I have but one life to give to my country," was not all of the quote. According to British soldiers, he also said, "If I had 10,000 lives to give, I would give them all to my wounded and bleeding nation." The purpose of the story is to remind everyone that the strife happening in America today, is not the first time this nation has been a wounded and bleeding nation. This nation will get through the challenges because the Constitution was inspired by God, and it will protect the Country.

Council Member Winder Newton led a round of applause for Congressman Stewart and his service to this country, stating he only has about two weeks left in office.
