2. PUBLIC COMMENT

Mr. Bill Clayton, Secretary, Granite Community Council, stated he wanted to correct two arguments the Council had made at its January 30th meeting, when it altered the Granite Community Council's boundaries removing the entire canyon, including Wasatch Resort.

The Council's first argument for removing Wasatch Resort was because it had not been included on the Granite Community Council's map on its website. He pointed out that the map on the Granite Community Council's website had been changed the night before the January 30th meeting to show the Granite Community Council boundaries, as presented by the Surveyor's Office. He displayed the map that had been on the Granite Community Council's website prior to that explaining what the various shades on the map meant, including an overlay covering the unincorporated and Cottonwood Heights areas, which is the Wasatch National Forest boundary layer, not the exclusion of Wasatch Resort. He also displayed a map from the County Assessor's website and a Google map showing the same National Forest layer.

The Council had also argued that because the Granite Community Council had excluded Wasatch Resort in its incorporation election in 2010, it did not want Wasatch Resort to be part of the Granite Community Council. He explained that Wasatch Resort was excluded at that time because there is about a half-mile of Forest Service land between Wasatch Resort and the rest of Granite, and at that time, it was illegal to include federal land to

create contiguousness to be able to incorporate.

3. REPORT OF ELECTED OFFICIALS:

3.1. County Council Members

Council Member Bradley acknowledged that the art in the hallways had been upgraded and now included information about the artist.

Council Member Stringham stated Council Members met with the Governor today regarding their concerns over the passage of First Substitution SB 273. However, the Governor will not be vetoing the bill.

3.2. County Mayor

Mayor Jennifer Wilson stated she and Council Members Stringham and Theodore met with representatives from The Church of Jesus Christ of Latter-day Saints today to discuss challenges in the community. They identified food insecurity, mental health, homelessness, and housing as areas they needed to focus on and apply additional resources to in the coming months. They also met to address the pressure Venezuelan families seeking asylum were putting on the shelter system. It was good to understand what The Church of Jesus Christ of Latter-day Saints was doing and how the County could better coordinate with it to build on the work the County has done and to identify gaps in its system.

Council Member Stringham stated she thought the County could perhaps partner with The Church of Jesus Christ of Latter-day Saints on some of the programs the County was cutting.

Mayor Wilson announced that Tom Perez, Director of the White House Office of Intergovernmental Affairs, will be in Utah Friday. The County will be holding an event related to its Pre-Apprenticeship program to talk with the first graduates of that program and some of the unions that have supported it. There will also be a Salt Lake City event that day at City Creek related to efforts and investment on infrastructure development around clean water.

[Policy 1200 Revisions - Council Discussion Draft](#)

Presenter: Mitchell Park, Legal Counsel (Approx. 4:15PM, 15MIN)
Discussion/Direction

Mr. Mitchell Park, Legal Counsel, Council Office, reviewed proposed revisions to Countywide Policy 1200, which provides guidelines to process

contributions to nonprofit entities of money, in-kind assistance, and fee waivers. He worked on the revisions with policy advisors and other Council staff. The Council requested revisions be made because of an audit by the County Auditor last year that revealed issues in the application and delivery of these contributions, in part due to the way current policy is ambiguously written. These revisions remove the ambiguities and bring greater clarity to the policy. Then, during the budget process, questions were raised whether certain types of contributions were being done appropriately, and how the Council wanted to handle these going forward. This draft policy contemplates that contributions would be treated as one-time charitable donations. Any request for a longer term project should be budgeted and contracted rather than as a charitable contribution under this policy.

The policy has not yet been vetted with other County offices, so he recommended it be sent to the Executive Coordinating Committee (ECC) for its point of view before it is placed on a Council agenda for final approval. That would allow time for the District Attorney's Office to review it too, and it would need to draft at least two forms in order for the policy to be operational.

A motion was made by Council Member Bradshaw, seconded by Council Member Stewart to send Policy 1200 to the Executive Coordinating Committee (ECC) for further comment, after which it will be placed on a Council agenda for final approval. The motion carried by a unanimous vote.
