2. PUBLIC COMMENT

Congressman Blake Moore, United States House of Representatives, stated he met with elected leaders earlier that day. He spoke about some of the committee work and legislation he has been working on while representing Utah’s first congressional district.

3. REPORT OF ELECTED OFFICIALS:

3.1. County Council Members

Council Member Bradley stated he had written a proclamation a while back in memory of Joan Woodbury, founder of the Ririe-Woodbury Dance Company, who had passed away. This proclamation was to be read for her memorial in April. Various edits to the proclamation, submitted by the Ririe-Woodbury Dance Company, had prevented him from getting the proclamation put on the Council agenda in a timely manner. He asked to be able to read the proclamation and have all the Council members sign it so it could be presented to the Company. He would then have the proclamation officially approved at a future Council meeting.

Mr. Mitchell Park, Legal Counsel, Council Office, stated it would be appropriate to sign the proclamation so it could be officially presented, and then it could be brought back two weeks from today’s meeting.

Council Member Stringham asked Council Member Bradley to read the proclamation today and then it would be approved in two weeks.

Council Member Bradley read the proclamation.

Council Member Granato thanked the Mayor's Office for inviting her to an excellent presentation supporting the Cox-Granato Pre-Apprenticeship Program. The presentation was thoughtful and looped in women in the trades.

Council Member Stringham stated the Wasatch Front Waste and Recycling District (WFWRD) met recently and discussed business as usual. It is on target with its budget and other goals.

3.2. County Mayor

Mayor Jennifer Wilson reported on her presentation on the Cox-Granato Pre-Apprenticeship Program that was made to Tom Perez, Director, White House Office of Intergovernmental Affairs, during his recent visit. As a former Secretary of Labor, Mr. Perez was very knowledgeable regarding labor issues. The visit received a lot of media attention, and it was exciting to hear about the stories of two women who had decided to enter the trades.

Discussion/Direction

Council Member Stringham stated because of the passage of HB 35, which will allow the metro townships to become cities and towns, the Greater Salt Lake Municipal Services District (MSD) would be changing its fiscal year from July to June. This covers the latter half of 2024, which was already approved, and the first half of 2025, which will be approved during the budget cycle.

Ms. Lisa Hartman, Associate Deputy Mayor of Regional Operations, stated the Council previously voted for the 2024 budget in August. This is essentially the same updated budget and the Council will be seeing it in the future around this time every year instead of August. It is just an approximate guess of offsetting the General Fund dollars that are being spent on unincorporated services.

A motion was made by Council Member Harrison, seconded by Council Member Winder Newton, that this agenda item be approved. The motion carried by a unanimous vote.

Presenter: Council Chair Laurie Stringham (Approx. 3:10PM, 20 Min.)
Direction/Discussion

Council Member Stringham stated she had promised to bring back more information to help Unified Fire Authority (UFA) and Unified Fire Service Area (UFSA) do their budgets. Those maps had been included in today's agenda packet. The Council would not be voting on a Resolution, but would simply be giving direction today.

Chief Dominic Burchett stated either one of the two scenarios presented would allow UFA to continue to provide service in the canyons. Whatever direction this body chose would work for him. The recent meetings held by UFA had been productive and gave him comfort.

Council Member Bradshaw stated his preference would be to adopt the map that excluded the municipal entities on the east side of the valley but included Parley's Canyon.

Council Member Stewart asked that the call volume formula to determine funding be utilized as well.

A motion was made by Council Member Bradshaw, seconded by Council Member Stewart, that the Council provide direction to staff to prepare for the adoption of the map that excluded incorporated entities, but included Parley's Canyon, while utilizing the call volume formula.

Mr. Mitchell Park, Legal Counsel, Council Office, asked to clarify if it was the Council's intent to include Emigration Canyon without including the municipality by the same name.

Council Members Bradshaw and Stewart stated that was their intent.

Mayor Jennifer Wilson stated she supported this motion, but considering that unincorporated islands will be annexed into cities in the years to come, she suggested the Council look at what it means to utilize the General Fund versus the revenue collected on the unincorporated end. The County will want to better understand the growing regional need for both services in all aspects.

A motion was made by Council Member Bradshaw, seconded by Council Member Stewart, that the Council provide direction to staff to prepare for the adoption of the map that excluded incorporated entities, but included Parley's Canyon, while utilizing the call volume formula. The motion carried by a

unanimous vote.

4.8 Sheriff's Law Enforcement Bureau Update

[24-1503](#)

Attachments: [Staff Report](#)
[LEB_Org Chart_032024](#)

Presenter: Sheriff Rosie Rivera (Approx. 3:30PM, 20 Min.)
Informational

Sheriff Rosie Rivera reviewed the proposed organizational chart for the reestablished Law Enforcement Bureau. Since presenting to the Council, she has been working with the Salt Lake Valley Law Enforcement Service Area (SLVLESA) to see what it was going to do. Last Thursday, SLVLESA voted to join in an interlocal agreement with the new Unified Police Department (UPD) to contract for police services. This changed the Sheriff's contract model completely. The Sheriff's Office will now go back to focusing on its statutory duties and countywide services. It is still working on the organizational chart to find other efficiencies. The Sheriff's cost will rise due to the interlocal agreement between UPD and SLVLESA. On April 10th, SLVLESA will have a special meeting to discuss the Sheriff's request for funding for the unincorporated areas of the County.

Council Member Winder Newton stated many islands would be annexing in the coming years. She asked the Sheriff if she could not also perform her statutory duties by contracting with another law enforcement agency. Ramping up staff for an area that might be incorporating in a year seemed inefficient to her.

Sheriff Rivera stated she did not know of any other county sheriff who had done this.

Council Member Winder Newton asked who would enter into a contract in that instance.

Ms. Bridget Romano, Deputy District Attorney, stated SLVLESA was an assessment area set up to collect taxes. The type of contract Council Member Winder Newton was talking about would be a collaborative effort between the Sheriff and the Mayor and would ultimately be signed by the Mayor or a designee.

Council Member Stewart he would be interested in going into a closed session in the next few weeks to discuss funding and determine which funds to use for unincorporated Salt Lake County.

Mr. Mitchell Park, Legal Counsel, Council Office, stated the ability for this Council to exercise budgetary powers is limited because of the principle that law enforcement is a municipal type of service as defined by statute. It can be a real challenge trying to identify alternative sources of lawful funds.

Mayor Jennifer Wilson suggested Council Member Stewart have a conversation offline with Darrin Casper, Deputy Mayor of Finance and Administration. Going into a closed session would be another possibility.

Mr. Park stated the potential for litigation would justify going into a closed session.

- 4.9 **The Sheriff's Office request for 3 new FTEs for the Law Enforcement Bureau. The total annual cost is \$688,865 and will be funded with what would have been paid to the Unified Police Department (UPD) for the last half of 2024, making the overall request a net zero impact to county funding.** [24-1508](#)

[30975 - Law Enforcement Bureau Request](#)

Presenter: Sheriff Rosie Rivera (Approx. 3:50PM, 10 Min.)
Discussion/Direction

Sheriff Rosie Rivera stated she had spent the last few months creating a contract model and, with not a lot of time to go, she was asking for three additional full time employees (FTEs). There was a lot of onboarding to be done and more lieutenants were necessary to meet the July 1, 2024, deadline. She reviewed what the early onboarding assignments would be.

Council Member Winder Newton stated she could support giving the Sheriff's Office two lieutenants, but she was not okay with three. The Council had not yet weighed in on funding the Investigations Division and she felt that needed to happen first. It would be easier to support adding more FTEs later.

Council Member Stewart stated he was thinking of supporting the addition of one lieutenant, but he could agree to two as Council Member Winder Newton had suggested.

Council Member Harrison stated given the short timeline, she was inclined to approve the Sheriff's full request.

Council Member Bradshaw stated at the end of day, there would still be the same bucket of funding. He agreed with Council Member Harrison because he felt the Sheriff should have ability to organize within the funding she was given as she saw fit.

Ms. Bridget Romano reminded the Council that in previous years, the County had paid more than \$4 million to UPD directly for the 20 percent contribution. That dollar amount had been factored into the budget.

A motion was made by Council Member Bradshaw, seconded by Council Member Harrison, to grant the three FTEs requested by the Sheriff's Office.

A substitute motion was made by Council Member Winder Newton, seconded by Council Member Stewart, to approve the addition of two lieutenants at today's meeting and bring this back in two weeks to decide how to handle countywide services and whether to grant a third lieutenant.

Council Member Stringham asked if there could be a discussion about funding in a closed session.

Mr. Mitchell Park, Legal Counsel, Council Office, stated it would probably not be allowable to discuss budgeting issues in a closed session. Countywide funding activities that were formerly going to the Unified Police Department (UPD) through contract, and would now be going to the Sheriff, would create an inverse taxation issue; the County would not necessarily be able to draw down on Salt Lake Valley Law Enforcement Service Area (SLVLESA) monies to fund what are genuinely countywide services. There were a lot of open policy and legal questions about the future of SLVLESA. The questions about County general funding were similar to what the Council had previously deliberated about and passed. However, the Council would be making those decisions more directly instead of discussing a model.

A substitute motion was made by Council Member Winder Newton, seconded by Council Member Stewart, to approve the addition of two lieutenants at today's meeting and bring this back in two weeks to decide how to handle countywide services and whether to grant a third lieutenant. The motion carried by a unanimous vote.

Later in the meeting:

Council Member Stringham stated she had intended to have Hoa Nguyen, Budget and Policy Analyst, Council Office, speak on the financial aspect of this decision prior to the Council voting. She would do that now, and if any Council Members wanted to change their vote after Hoa's presentation, that could be addressed.

Ms. Hoa Nguyen, Budget and Policy Analyst, Council Office, stated the requested budget for the three positions was \$689,000, so the total amount per lieutenant would be around \$200,000. Additionally, \$30,000 was operating expense for each position, which would include an \$8,000 set-aside for vehicle replacement. If the Council were to go with the decision to allow 2 FTEs, the \$689,000 would be adjusted accordingly.

Council Member Stringham asked if Ms. Nguyen's presentation had changed any Council member's decision on how they previously voted.

Nobody changed their vote.

Council Member Winder Newton stated she would postscript her previous motion and move to allow for \$460,000 for the two lieutenant positions.

Council Member Stringham asked for a formal vote.

A motion was made by Council Member Winder Newton, seconded by Council Member Stewart, that the Council allow for \$460,000 for the two lieutenant positions. The motion carried by a unanimous vote.

4.10 Law Enforcement Bureau Sick Leave Balance Proposal

[24-1506](#)

[LEB Transition of Sick Leave Proposal 031824 Final](#)

Presenter: Sheriff Rosie Rivera. Carita Lucey, Sheriff's Human Resource Division Administrator. Zack Stovall, Sheriff's Fiscal Administrator (Approx. 4:00PM, 10 Min.)

Discussion/Direction

Sheriff Rosie Rivera stated when Unified Police Department (UPD) was created and all the Sheriff's Office employees went to work there, many of them had sick leave that transferred with them. Her request was that anyone transferring back from UPD would also have their sick leave transfer back with them. This would apply to all UPD employees transferring to the Sheriff's Office and not just those who started in the Sheriff's Office. She felt this would help with hiring. The Sheriff's Office would require a one year commitment from the employee.

Council Member Harrison stated she supported this because it is important to attract and maintain top talent for public safety.

A motion was made by Council Member Harrison, seconded by Council Member Stewart, to approve the Sheriff's request.

Council Member Stringham asked if the County would be asking to be reimbursed by UPD.

Sheriff Rivera stated that would be one of the County's requests as part of the separation negotiations with UPD.

A motion was made by Council Member Harrison, seconded by Council Member Stewart, that the Sheriff's request be approved. The motion carried by a unanimous vote.

4.11 Sheriff's Office Civil Unit Fee Schedule

[24-1500](#)

Attachments: [Staff Report](#)
[Civil Unit Fee Schedule - 2024](#)

Presenter: Chief Kari Huth. Sergeant Craig Tischner. Sergeant Trenton Ingersoll (Approx. 4:10PM, 10 Min.)

Discussion/Direction

Sergeant Trent Ingersoll, Sheriff's Office, stated one of the Sheriff's statutory duties was to provide citizens of Salt Lake County with a way to serve civil papers referring to judicial actions made by the courts. The Civil Unit of the Sheriff's Office effectuates this. State Statute currently outlines fees that shall be imposed. However, it is vague and subject to interpretation. Statute also allows the Council to set a fee schedule related to fees for civil services. The Sheriff's Office believes this proposed schedule follows State Statute, has no budgetary impact, and creates a more transparent process. If approved, this schedule would go into effect on April 1, 2024.

Council Member Stewart stated these fees seemed low to him, and while he would not hold up a vote, he suggested reevaluating them in the future. The County was not looking to make a profit, but it did not want to subsidize services either.

Sergeant Ingersoll stated most of the fees were based on State Statute. The Sheriff's Office was not looking to change the fees as much as to be able to provide a fee schedule for the public for the sake of transparency. The biggest deviation from Statute would be under the mileage portion on the third page. This changed the calculation for mileage reimbursement to even things out.

Sergeant Craig Tischner stated the current amounts set in Statute did not create much revenue. This was an effort to clean things up and even fees out. The County had already been subsidizing with the old schedule, and it would be subsidizing with this new schedule as well.

A motion was made by Council Member Bradshaw, seconded by Council Member Stewart, that the fee schedule be approved. The motion carried by a unanimous vote.

Discussion/Direction

Ms. Michelle Hicks, Executive Office Administrator, Mayor's Office, reviewed the proposed reappointment of Chris Collard to the Planning Commission.

Mr. Christopher Collard introduced himself. He stated he is a public policy researcher and has enjoyed sitting on the Commission and serving as Chair for two years.

Council Member Stringham stated the appointments of Michael Cole, Tippe Morlan, and Jenny Knudsen would be rescheduled for a more convenient time on a future agenda.

A motion was made by Council Member Bradshaw, seconded by Council Member Bradley, that the reappointment of Chris Collard be approved. The motion carried by a unanimous vote. Council Member Winder Newton was absent for the vote.
