Director Yocom noted that this application has two parts to it because this project has already received TRCC funding but aspects of the project have changed; which changes the scope of the project and will require approval by the TRCC Board in order to move forward with the changes.

Part 1: an update on the project including details of the site change

Part 2: change of scope/update on the smaller design

4.2 Kearns Update

[19-1149](#)

Director Yocom explained to the TRCC Board the scope-change details of this update:

In 2016, the County Township Services came before the TRCC Board and asked for and received \$250,000 for work to be done along 5400 South, to develop a “Kearns Campus.” The campus never materialized and the funds have been rebudgeted every year. The county, in an effort to keep the funds in Kearns, reached out to the township Mayor to find out what priorities the township might have. The Mayor identified replacing the pavillion at David Gourley park as the highest priority. Because the pavillion is connected to the bathrooms both the old pavillion and the old bathrooms will need to be demolished before the new pavillion can be constructed.

Board Member Representative Hutchings questioned the reasons for removing the bathrooms and advised keeping the bathrooms.

Director of Parks and Recreation, Martin Jensen, explained that the park is a “passive park” meaning there is not a lot of active programming that takes place at the park. The county worked with Mayor Kelly Bush and reached the decision to just remove the bathrooms as they were rarely used and the new pavilion is the priority. Director Jensen explained that they could revisit the project to include remodeling the bathrooms in the future.

Director Yocom noted that would require a request for more money.

Mayor Peterson noted that if the bathrooms are removed the park will become a park where no reservations may be made.

Directors Yocom and Jensen said they can bring this project back to the TRCC Board with the plan to include keeping and slightly remodeling the bathrooms.
