Topic/Discussion Title:

A Resolution of the Salt Lake County Council Approving an Agreement With the Utah Department of Transportation for a New Force Main Sewer on California Avenue, Benefiting the Salt Lake County Landfill

Description: Install a new force main sewer lateral outside of California Avenue. California Avenue is being improved as part of Mountain View Corridor construction and the existing sewer line serving the landfill (from the landfill pump station to the Salt Lake City connection) is very old and would most likely not hold up to the increased traffic. Replacement will be substantially cheaper now than after the road improvements are completed.
