Topic/Discussion Title:

A resolution of the Salt Lake County Council approving the acquisition of a fee interest in certain real property from Fermin Lozano as part of the surplus canal project and the transfer of the county's excess real estate interest in adjacent property to Fermin Lozano.

Description: Salt Lake County is responsible for the operation and maintenance of the Surplus Canal, which is designed to divert water from the Jordan River to control flood flows. Over the years, the County has acquired various types of interest from private property Owner for the Surplus Canal's existing location. The County is currently working on a project to clarify and make its real property interests along the Surplus Canal uniform and remove encroachments into the Surplus Canal's levee system. Fermin Lozano owns a parcel of real property located in Salt Lake City that is adjacent to the Surplus Canal where the interests of the County need to be clarified and encroachments removed. Following negotiations, the County and the Owner have agreed that the Owner will convey a portion of the Owner's Property to the County by quit-claim deed. To clear up any cloud on the Owner's remaining title, the County will quit-claim to the Owner any excess interest it may have in the remaining Owner's Property beyond the ten foot offset landside toe line established by the Owner's Deed. It has been determined that the best interests of the County and the general public will be served by accepting the Owner's Deed from the Owner and quit-claiming the County Property Interest to the Owner. This transaction will be in compliance with all applicable state statutes and county ordinances.
