Topic/Discussion Title:

A Resolution of the Salt Lake County Council Approving and Authorizing the Mayor to Grant a Perpetual Easement to Magna Water District.

Description: Salt Lake County acquired title to a parcel of real property located at approximately 4042 South 7200 West in Magna, Utah, Parcel No. 14-33-406-002 in 2013. The prior owner granted an easement with a twenty-year renewable term to Magna Water District, formerly known as Magna Water Company to install and maintain an underground waterline on the Property, but the Prior Easement was never recorded. Based upon the unrecorded Prior Easement, Magna Water installed and has maintained an underground waterline and related improvements on the Property. The County is in the process of developing the Property into a regional park and discovered the existence of the Waterline. To clean up the record and acknowledge the existence of the Waterline, Magna Water would like to obtain and record a perpetual easement on the Property to allow for ongoing operation, repair and maintenance of the Waterline.
